Zoning/ Land Use

- John Frierhood of 50475 Mulligan Creek Rd. Class B Special Use application for a hobby farm and 10' x20' three sided wind break. Motion (Rupnow/ Webb) to recommend the request. Discussion: it does not go against the Plan. Motion carried.

Request by Highway Foreman to find as easement for the town-owned property off Lynx Rd. Parcels #2587 and #2589.

Open discussion with Jeff Jordheim. This is property that the Town doesn't currently use. Unable to find the easement to access it. Discussion about possibly selling the land to the adjoining property owners, or finding as easement in order to sell it to someone else. No action needed by the Commission. Town Board to discuss further.

Discussion regarding the hours of the Milestone Quarry on HWY 27. The current contract is up for renewal. Current hours for crushing are 7am - 5pm Monday through Friday. They'd like to extend the crushing hours to 6am-6pm Monday through Friday, then do quiet work from 6pm-8pm Monday through Friday and 6am-2pm Saturdays. This would ultimately decrease the total number of days/ weeks needed for crushing during the summer. No action needed from the Commission. The Town Board will discuss further.

Adjourned at 4:22pm.

Respectfully Submitted
