The **BARNES NOTES & NEWS** is the new source of our area's community events and happenings, obituaries and other items of interest. We continue to welcome you to place your ads, submit events or articles, and stories. Please contact the owner/editor: **Julie (Frierhood) Sarkauskas** at barnesnotesandnews@gmail.com or call 715-795-2775.

Dear Family and Friends -

We made it through our first month of 2018! I hope you all came through unscathed and doing well. While we had a few weeks of bitter cold, we managed to get a few really nice days. This month, we have multiple **Reminiscing** stories that I think you will find to be of great reading. They are:

- A little history on local ice cutting back in the day. Ice would be cut out of the lakes to use throughout the year.
- The XXIII (23rd) Winter Olympic Games, starting February 9th.
- The "American Birkebeiner" started in 1973, however, the original Birkebeiner actually started in 1206.

I recently visited my puppy, Copper, and his pseudo mommy and daddy in Eagle River, WI. We had a wonderful lunch in town and then walked across the parking lot to see the construction happenings for this year's Ice Castle. The local fire department and volunteers were very hard at work, and it was already looking magical when we were there. I was in awe! The creating and construction of these ice castles has been taking place for 90 years. Even though I lived in Rhinelander for a couple of years, just 1/2 hour south of Eagle River, I never had a chance to go see these amazing structures. Every year brings a new idea and construction plan. If you have a chance, you **MUST** get over to Eagle River to see this in person before it starts to melt like Frosty the Snowman. If you can't make the trip, go on-line to check it out. The castle is now complete and is 30 feet tall with a final size of 25x30 feet. 2100 ice blocks were used to build it.

Visit the Eagle River Chamber of Commerce website: info@eagleriver.org and click on "Ice Castles".

May God Bless and Keep you
Julie Sarkauskas

BUTTONS ARE STILL AVAILABLE!!!!

“YES! THERE IS A BARNES, WISCONSIN”

Back in the 70's, the Homemakers Club sold the buttons for fundraisers.

Recently, long time resident and friend, Tom Van Delist, came across one of the buttons in his mothers belongings and decided it was time to bring them back. A GRAND gesture, they will be sold to help raise funds to support the new storage building for the Barnes ATV and Snowmobile clubs. Also, for the Barnes Notes and News.

Thank you Tom!

The buttons are \$ 4.00 each or 3/\$10.00.
You can purchase the buttons at many local establishments.

Obituaries - REMEMBERING LOVED ONES LOST

PATRICIA ANN BOTT (KNUDSEN)

Patricia Ann Bott (Knudsen) age 86, passed away on January 18th, 2018, surrounded by her family at Hayward Health Services.

Pat is survived by her two sons, Michael (Irene), Kenneth (Sandra) and daughter Cynthia (Tim), all of Barnes, WI. 9 Grandchildren and many Great Grandchildren.

Pat was born on July 2nd, 1931 to Leonard and Mabel Knudsen (Kaske) in Chicago, IL. She is preceded in death by her parents, siblings and husband Matt. Pat enjoyed and excelled at art. She had a scholarship to the Art Institute of Chicago, where she learned many wonderful skills that she continued to use and improve on, all of her adult life.

Pat married Mathias Bott on September 30th, 1950 at St. Barholomews Catholic Church, in Chicago, IL. They celebrated their 50th anniversary with a trip to Alaska, always a dream of theirs. Both Pat and Matt enjoyed landscape photography and spent many autumns during their retirement traveling out west to capture some wonderful photographs and share their love for nature.

Pat loved nothing more than preparing wonderful dinners for her family and sharing good times. Some of her artistic talents led to many special pieces of ceramics, and paintings that her family will always cherish.

There will be a private family service at a later date.

A Weather Note: We've had snow, nice weather, cold and wind. Just another winter in Barnes, WI. As the story goes, if you don't like the weather, wait 5 minutes.

Last week we had another 5" - 8" (depending on your side of town) and on Sunday, Jan 28th we had about 1" of fluff. Nothing that got in our way. Hope the trails are still snow covered. Be safe and courteous while you're out.

Stay Warm !!

KEEPING YOUR PETS WARM AND SAFE THIS WINTER

- Use "PET SAFE" products when salting your walkways & driveways.
- The cold can reek havoc on your pets paws! When walking, the snow and ice can actually burn them. You can get boots at local pet supply stores, Vet supply stores or pet pharmacies. (Foster & Smith, Pet's Mart, Pet Depot)
- Do not leave your pets tied up outside in the cold.
- Please keep an eye on your pets when out on the lakes

Keep shots up to date and have your vet's number handy at all times.

Shhhhh...IT'S STILL A MYSTERY!!

Rumor has it that a "special guest" will arrive in Barnes sometime in the spring or summer of 2018, at which time a grand "Homecoming Party" will be held in his honor.

CAN YOU "GUESS WHO'S COMING TO BARNES" ?

Clue # 4: No need to "hunt for it".

Clue # 3: He has always been known for having rather amazing headwear.

Clue # 2: He still has a number of relatives in the area.

Clue # 1: He last visited our area back in 2005.

Send your guesses to:

Vince Lombardi - The Legend

Vincent Thomas Lombardi (June 11, 1913 – September 3, 1970) was an player, coach, and executive in the NFL. He is best known as head coach of the Green Bay Packers during the 1960s, where he led the team to 3 straight and 5 total Championships in seven years, in addition to winning the first two Super Bowls in 1966 and 1967. Following his sudden death from cancer in 1970, The Super Bowl trophy was named in his honor. He was enshrined in the Pro Football Hall of Fame in 1971, the year after his death. Lombardi is considered by many to be the greatest coach in football history, and he is more significantly recognized as one of the greatest coaches and leaders in the history of any American sport.

Lombardi began his coaching career as an assistant and later as a head coach at St. Cecilia High School in Englewood, NJ. He was an assistant coach at Fordham, at the [United States Military Academy](#), and with the [NY Giants](#) before becoming a head coach for the Packers from 1959 to 1967 and the [Washington Redskins](#) in 1969. He never had a losing season as a head coach in the NFL, compiling a regular season winning percentage of 72.8% (96–34–6), and 90% (9–1) in the postseason for an overall record of 105 wins, 35 losses, and 6 ties in the NFL.

SUPERBOWL SNACKS

CHIPS & SALSA

From: Julie (Friermood) Sarkauskas

* 1 jar Great Value Black Bean & Corn Salsa

*Tomatoes, onions & cilantro

Chop fresh ingredients and add to salsa. Best with Tostitos Scoops or Hint of Lime chips. I usually double the recipe.

DILL DIP Shirley (Friermood) Heise
**** Best Dill Dip Around****

*1 cup sour cream

*1 cup mayo

*2 Tbls chopped onion

*Dash garlic salt

*Dill Weed to taste (I always add extra)

*1 Tbls Accent

*1/2 tsp Worcestershire sauce

Combine and chill before serving. Great with all veggies

RANCH PRETZELS

From: Shirley (Friermood) Heise

*2 bags knotted pretzels (standard size)

*1 bottle Orville Redenbacher popping oil

*1 - 2 pkg Hidden Valley Ranch dressing

*2 Tbsp Dill Weed (or more to taste)

Mix all together in a microwavable dish (except pretzels.) Microwave for 2 minutes. Put each bag of pretzels in gallon size Ziploc bags.

Divide mixture between bags and turn upside down and shake till all coated.

Pour onto waxed paper on cookie sheet and let dry. (Takes a couple hours or so.)

My sister shared with me that this is better with more ranch dressing and dill so I pour both bags back into a large bowl and add more ranch dressing and dill. Then spread out to dry.

Barnestormers Building Thank You

The Barnestormers Snowmobile Club building is rapidly becoming a reality. The shell is up and we now just need to finish the interior. We have the materials required to complete the building and are working on ways to raise the funds needed to install these materials.

The Barnestormers want to say thank you to the individuals who donated either money or their time to help us in achieving our goal. We also want to thank the Town for the support it provided in this project. In addition, we need to thank the organizations who donated, and the businesses who have hosted and/or supported our fund raisers and have donated funds.

Medicare 101

Beginning in January 2018, the Bayfield County Elder Benefits Specialist, Sheila Mack, will be providing "Medicare 101" presentations once per month, January through September, throughout Bayfield County. These presentations will introduce you to the basics of Medicare and give you the information you need to know before making any decisions about whether you want to enroll in all parts of Medicare at age 65, some parts of Medicare, or none of them; and the possible consequences of not enrolling when you are first eligible to enroll. You will also learn about the three types of insurance that supplement Medicare because Medicare only pays 80% of hospital and medical costs, and the need for creditable prescription drug coverage either through Medicare Part D or Wisconsin SeniorCare.

If you will be turning 65 this year, attending one of these trainings is strongly encouraged. The time available for the Elder Benefit Specialist to work with you in the office is becoming more and more limited due to the increase in assistance being requested. To provide prompt and efficient service to as many clients as possible, this presentation will provide basic information on Medicare in a group setting rather than one on one in the Elder Benefit Specialist office. This training will give you enough information to understand your options and be ready to make decisions when it is time to do so.

Below is a list of the dates and towns/cities that Medicare 101 presentations will be offered. All presentations will start at 6:00 pm and last up to 2 hours, depending upon the information reviewed and questions asked by those attending the presentation. If you plan to attend, please register by the day before the presentation is held, by calling **Karen Bodin at 715-373-6144, ext.115**. Registration is necessary to prepare enough materials for everyone who attends.

FEBRUARY REMINISCING: ICE CUTTING at PEASE RESORT

Ice Cutting in the Good ol' Days

Submitted by Paula Greenspan – BAHA (Barnes Area Historical Association)

Following are some memories of ice cutting as passed down in my family, the Peases. I know that others cut ice and may have done so differently. The BAHA museum would love to have your memories and pictures to add to these! Contact us through our website or Facebook page, or give them to any BAHA member. www.bahamuseum.org

Ice Hauling

When my grandfather L.D. Pease arrived on the Upper Eau Claire Lake in April 1916, the first thing he constructed was a hastily built ice house of rough lumber which he filled with ice cut from the lake and packed in wagon loads of sawdust from the nearest sawmill. Then he was ready to keep food cool for his first resort guests who arrived in mid or late summer.

Bud & Pete Pease

Of course, a better ice house was eventually built up by the main lodge. It was cleaned out about Christmas time each year: chopping out all the frozen sawdust/ice mixture and shoveling it out of the way. Ice cutting started when the ice got about fourteen inches thick. If there was a lot of snow, they shoveled off some areas so the ice would thicken there. They always cut 12" x 14" cakes to fit nicely into the ice boxes.

About 300-500 cakes were put up each year for Pease Resort use and then the crew (Pease family and neighbors) would move around the lake putting up ice for Lyndale Bay resort, Call of the Wild, and the Island house used by the Waukesha club.

Originally, blocks were cut with hand saws and hauled away by horse and sleigh. Around 1948, LD's stepson Erwin Tesch rigged up an ice cutting machine using the engine from a Model T and a circular saw blade. It would cut to about 2" from the water and the blocks could then be broken off with a crowbar. The blocks were hauled away by pickup truck. Erwin was pretty handy. He also created strap-on spikes to be worn over their boots on the slippery ice while working.

One family anecdote that has been retold many times concerns a little girl who attended Pease School when it was held in one of the cabins. Her parents were often late picking her up and one day while she was waiting for them, she wandered down to watch the men cut ice on the lake. This little eight-year old was very curious and went running over to the hole where they had cut out blocks. She was warned to stop and stay back but when heads were turned, a "plop" could be heard and she was gone. When she popped back up, someone grabbed her by the collar, hauled her out, and quickly carried her up to the house. Her wool coat left a trail of red dye on the snow all the way. When she got inside, Elizabeth Pease got her some warm dry clothes but since there were only boys in the household then, she had to wear boy's clothing. Her parents picked her up on time after that!

By the time I was around, we had electricity and there was no more ice cutting but I do clearly remember the small room off the kitchen which was used as a pantry. My dad explained that originally it was a walk-in cooler. There was a trap door in the roof which could be opened for blocks of ice to be placed in a shallow metal tray overhead. A drain pipe got rid of the melt water and the cold from the ice settled downwards, keeping the room cool. As children in the family got big enough to climb a ladder, refilling the cooler tray was one of their household chores. Another chore was to pull a little wagon to each cabin and fill the smaller ice boxes in each one which had guests. Dad didn't mention whether kids tried to spend time in the cool room on hot days— I'm sure I would've. But with the refreshing spring-fed lake and a thrilling water toboggan ride on hand, perhaps they preferred other ways to keep cool.

The homemade ice cutting machine is long gone but the BAHA museum has tongs for grabbing the ice and several pictures. Stop by this summer and see them.

Erwin Tesch & Dave Pease

FEBRUARY REMINISCING: HISTORY OF THE OLYMPICS

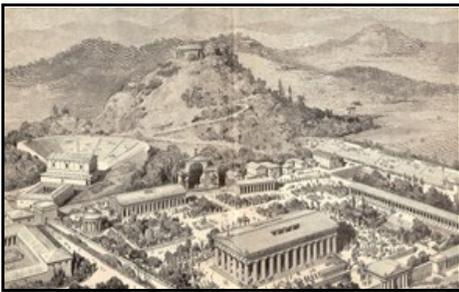

The ancient **Olympic Games** were originally a festival, or celebration of and for Zeus; later, events such as a footrace, a javelin contest, and wrestling matches were added. The Olympic Games were a series of athletic competitions among representatives of city-states. Held in honor of Zeus, the Greeks gave them a mythological origin. The first Olympics is traditionally dated to 776 BC. They continued to be celebrated when Greece came under Roman rule, until the emperor Theodosius I suppressed them in AD 393 as part of the campaign to impose Christianity as the State religion of Rome. The games were held every four years, or *olympiad*, which became a unit of time in historical chronologies.

During the celebration of the games, an Olympic Truce was enacted so that athletes could travel from their cities to the games safely. The prizes for the victors were olive leaf wreaths or crowns. The games became a political tool used by city-states to assert dominance over their rivals. Politicians would announce political alliances at the games, and in times of war, priests would offer sacrifices to the gods for victory. The games were also used to help spread Hellenistic culture throughout the Mediterranean. The Olympics also featured religious celebrations. The statue of Zeus at Olympia was counted as one of the seven wonders of the ancient world. Sculptors and poets would congregate each olympiad to display their works of art to would-be patrons.

The ancient Olympics had fewer events than the modern games, and only freeborn Greek men were allowed to participate, although there were victorious women chariot owners. (some contradictions exist on this as some counts state that women were allowed to participate and would compete for position.) The games were always held at Olympia rather than moving between different locations as is the practice with the modern Olympic Games. Victors at the Olympics were honored, and their feats chronicled for future generations.

To the Greeks, it was important to root the Olympic Games in mythology. During the time of the ancient games their origins were attributed to the gods, and competing legends persisted as to who actually was responsible for the genesis of the games. These origin traditions have become nearly impossible to untangle, yet a chronology and patterns have arisen that help people understand the story behind the games.

The earliest myths regarding the origin of the games are recounted by the Greek historian, Pausanias. According to the story, the dactyl Heracles (not to be confused with the son of Zeus and the Roman god Hercules) and four of his brothers, Paeonaeus, Epimedes, Iasius and Idas, raced at Olympia to entertain the newborn Zeus.

As noted above, there are contradictions as to women competing in the games. One count, is that the first games began as an annual foot race of young women in competition for the position of the priestess for the goddess, Hera, and a second race was instituted for a consort for the priestess who would participate in the religious traditions at the temple.

The Heraean Games, the first recorded competition for women in the Olympic Stadium, were held as early as the sixth century BC. It originally consisted of foot races only, as did the competition for males.

The Olympic Games were held at four-year intervals, and later, the ancient historians' method of counting the years even referred to these games, using the term *Olympiad* for the period between two games. Previously, the local dating systems of the Greek states were used (they continued to be used by everyone except the historians), which led to confusion when trying to determine dates. For example, Diodorus states that there was a solar eclipse in the third year of the 113th Olympiad, which must be the eclipse of 316 BC. This gives a date of (mid-summer) 765 BC for the first year of the first Olympiad. Nevertheless, there is disagreement among scholars as to when the games began.

RIGHT: The Parthenon in Athens, one of the leading city-states of the ancient world.

FEBRUARY REMINISCING: AMERICAN BIRKEBEINER

The Birkebeiner actually started in 1206. Birkebeiner skiers, so called for their protective birch bark leggings, skied through the treacherous mountains and rugged forests of Norway's Osterdalen valley during the winter of 1206, smuggling the son of King Sverresson and Inga of Vartieg to safety. The flight taken during the Norwegian Civil War took the Birkebeiners and prince from Lillehammer to safety in the town of Trondheim. Norwegian history credits the Birkebeiners' bravery with preserving the life of the boy who later became King Haakon Haakonsson IV and forever changed Northern Europe's history by his reign.

To this day, Norwegian skiers still carry a pack, symbolizing the weight of an 18-month child, in the Worldloppet's Norwegian Birkebeiner Rennet race from Rena – Lillehammer. Thousands of skiers commemorate the journey with annual Birkebeiner races in Norway, Canada, and the United States.

The name Birkebeiner was given by the Baglers, and originally intended to be offensive - referring to their leggings of birch bark, indicating that they were poor and incapable. They proved the Baglers wrong, and today the name Birkebeiner carries a sense of pride, strength and endurance - something thousands of people, participating in the historical race every year, keep striving for.

In the fall of 1930 author and forester, Haakon Lie, published an article launching the idea of a ski race in honor of the 1206 rescue. The story and painting of the flight were the inspiration for the first Birkebeinger ski race held in Norway in 1932.

So, 6 men - Fredrik Grundtvig, Agnar Renolen, Peder Olsen, Lars Høgvold, Halvor Kampen and Olaf Larsen, met on the mountain Raufjellet, and formally decided to arrange the very first Birkebeinerrennet. In 1932, 147 men completed the then 59 km long trail - first among them was Trygve Beisvåg, finishing with a respectable 4:51:40.

The race is known today as the American Birkebeiner which began in 1973 as the dream of the late Tony Wise. Thirty-four men and one lone woman were on the starting line clad in woolen sweaters and knickers for the 50-kilometer race from the Lumberjack Bowl in Hayward to Telemark Lodge in Cable, Wisconsin. Nineteen more women and juniors would ski a shorter race from "OO" to Telemark. Few knew they were going to make history. There were no U.S. Ski Team members or foreign skiers, just a handful of enthusiasts from a couple of midwestern states, out to try something new. Many of the entrants were on cross-country skis for the first of the season - some for the first time.

The American Birkebeiner is the largest, and one of the longest cross country ski races in North America. Since it's debut in 1973, it has been a part of Worldloppet as long as Worldloppet has been around. The two premier events are the 55 km classic and the 51 km freestyle race from Cable to Hayward, Wisconsin. Each year over 13,000 skiers participate in the Birkie. Around 20,000 spectators from around the world gather to watch the events and celebrate "The Birkie". The race has become a legend in the cross-country ski world.

MAINTENANCE RECOMMENDATIONS

BASIC OIL CHANGE....3000 MILES OR MANUFACTURES RECOMMEND ATIONS
SYNTHETIC OIL CHANGE....5000 MILES OR MANUFACTURERS RECOMMENDATIONS

ENGINE AIR FILTER....DIRTY AND CONTAMINATED AIR FILTERS CAN RESTRICT PROPER AIR FLOW RESULTING IN REDUCED ENGINE PERFORMANCE AND POOR FUEL ECONOMY.

CABIN AIR FILTER....A DIRTY OR CONTAMINATED FILTER CAN RESTRICT THE AMOUNT OF AIR FLOWING THROUGH THE VENTILATION SYSTEM, RESULTING IN POOR HEATING AND COOLING . IN SOME CASES THE FILTER CAN START TO GET MOLDY CAUSING ODORS IN THE PASSENGER COMPARTMENT.

BRAKE FLUID FLUSH....BRAKE FLUID ABSORBS MOISTURE FROM THE ATMOSPHERE WHICH WILL LOWER THE BOILING POINT OF THE FLUID. THIS WILL RESULT IN A SOFT BRAKE PEDAL AND LONGER STOPPING DISTANCES . OLD BRAKE FLUID CAN ALSO CAUSE INTERNAL CORROSION ON THE MASTER CYLINDER AND ANTI-LOCK BRAKE PARTS.

FUEL INJECTION / INDUCTION CLEANING....REGULAR CLEANING AND REMOVAL OF CARBON BUILDUP IN THE MANIFOLD AND INJECTORS WILL ENSURE THE ENGINE PERFORMS AND RUNS AS EFFICIENT AS THE DAY IT WAS BUILT.

TIMING BELTS.... TIMING BELTS ARE MADE OF RUBBER AND CAN DEGRADE OVER TIME, RECOMMEND REPLACEMENT IS USUALLY 100,000 MILES OR EVERY 6 YEARS .

I HAVE SENT MORE CARS TO THE JUNK YARD BECAUSE OF TIMING BELT FAILURE THAN ANYTHING ELSE , SOME TIMES YOU GET LUCKY BUT NOT OFTEN

COOLANT EXTENDED LIFE (ORANGE) 60,000 MILES OR 4 YEARS
COOLANT (GREEN) 30,000 MILES OR 2 YEARS

BATTERY'S....AAA STATES THAT THE AVERAGE LIFE OF A BATTERY IS 3-4 YEARS. A WEAK BATTERY CAN CAUSE THE ALTERNATOR TO WORK HARDER THAN IT WAS ENGINEERED FOR, CAUSING THE ALTERNATOR TO WEAR OUT PREMATURELY . A WORN OUT BATTERY CAN CAUSE ALL KINDS OF CRAZY PROBLEMS , TRUST ME ON THAT.

FUEL FILTERS....A RESTRICTED FILTER WILL CAUSE THE FUEL PUMP TO WORK HARDER THAN NEEDED CREATING EXCESSIVE HEAT IN THE PUMP RESULTING IN PREMATURE PUMP FAILURE AND DRIVE ABILITY COMPLAINTS .

TRANSMISSION FLUID....TRANSMISSION FLUID LIKE ENGINE OIL BREAKS DOWN OVER TIME, AND CAN CAUSE PREMATURE FAILURE. HAVE YOU PRICED A TRANSMISSION LATELY, BETTER SIT DOWN -- 2 TO 4 THOUSAND DOLLARS PLUS LABOR.

THIS MONTH IN HISTORY

February 1, 2003 - Sixteen minutes before it was scheduled to land, the Space Shuttle *Columbia* broke apart in flight over west Texas, killing all seven crew members. The accident may have resulted from damage caused during liftoff when a piece of insulating foam from the external fuel tank broke off, piercing a hole in the shuttle's left wing that allowed hot gases to penetrate the wing upon re-entry into the Earth's atmosphere. This was the second space shuttle lost in flight. In January 1986, *Challenger* exploded during liftoff.

February 3, 1865 - A four-hour peace conference occurred between President Abraham Lincoln and Confederate Vice President Alexander Stephens at Hampton Roads, Virginia. The meeting was unsuccessful as President Lincoln insisted there could be no armistice until the Confederates acknowledged Federal authority. The Confederates wanted an armistice first. Thus the Civil War continued.

Birthdays - Aviation pioneer Charles Lindbergh (1902-1974) was born in Detroit, Michigan. He made the first non-stop solo flight from New York to Paris, May 20-21, 1927.

February 6, 1788 - Massachusetts became the sixth state to ratify the new U.S. Constitution, by a vote of 187 to 168.

Birthdays - Legendary baseball player George Herman "Babe" Ruth (1895-1948) was born in Baltimore, Maryland. Ruth held or shared 60 Major League records, including pitching 29 consecutive scoreless innings and hitting 714 home runs.

Birthdays - Ronald Reagan, (1911-2004) the 40th U.S. President, was born in Tampico, Illinois. Reagan spent 30 years as an entertainer in radio, film, and television before becoming governor of California in 1966. Elected to the White House in 1980, he survived an assassination attempt and became the most popular president since Franklin Roosevelt.

Birthdays - British novelist Charles Dickens (1812-1870) was born in Portsmouth, England. He examined social inequalities through his works including; *David Copperfield*, *Oliver Twist*, and *Nicholas Nickleby*. In 1843, he wrote *A Christmas Carol* in just a few weeks, an enormously popular work even today.

Birthdays - American inventor Thomas Edison (1847-1931) was born in Milan, Ohio. Throughout his lifetime he acquired over 1,200 patents including the incandescent bulb, phonograph and movie camera. Best known for his quote, "Genius is one percent inspiration and ninety-nine percent perspiration."

Birthdays - Abraham Lincoln (1809-1865) the 16th U.S. President was born in Hardin County, Kentucky.

He led the nation through the tumultuous Civil War, freed the slaves, composed the Gettysburg Address, and established Thanksgiving.

Birthdays - American artist Grant Wood (1892-1942) was born near Anamosa, Iowa. Best known for his painting *American Gothic* featuring a farm couple.

February 14th - Celebrated as (Saint) Valentine's Day around the world, now one of the most widely observed unofficial holidays in which romantic greeting cards and gifts are exchanged.

February 14, 1849 - Photographer Mathew Brady took the first photograph of a U.S. President in office, James Polk.

February 14, 1929 - The St. Valentine's Day massacre occurred in Chicago as seven members of the Bugs Moran gang were gunned down by five of Al Capone's mobsters posing as police.

Birthdays - Astronomer and physicist Galileo Galilei (1564-1642) was born in Pisa, Italy. He was the first astronomer to use a telescope and advanced the theory that the sun, not the earth, was the center of the solar system.

Birthdays - Inventor Cyrus McCormick (1809-1884) was born in Rockbridge County, Virginia. He invented the horse-drawn mechanical reaper, a machine that freed farmers from hard labor and contributed to the development and cultivation of vast areas of the American Great Plains.

February 20, 1962 - Astronaut John Glenn became the first American launched into orbit.

Birthdays - George Washington (1732-1799) was born in Westmoreland County, Virginia. He served as commander of the Continental Army during the American Revolution and became the first U.S. President.

February 24, 1582 - Pope Gregory XIII corrected mistakes on the Julian calendar by dropping 10 days and directing that the day after October 4, 1582 would be October 15th. The Gregorian, or New Style calendar, was then adopted by Catholic countries, followed gradually by Protestant and other nations. (*interesting after the notations I previously found when doing the New Years article*)

Birthdays - American frontiersman "Buffalo Bill" Cody (1846-1917) was born in Scott County, Indiana. He claimed to have killed over 4,000 buffalo within 17 months. He became world famous through his Wild West show which traveled throughout the U.S. and Europe for 30 years.

HISTORY OF VALENTINE'S DAY

The history of Valentine's Day—and the story of its patron saint—is shrouded in mystery. We do know that February has long been celebrated as a month of romance, and that St. Valentine's Day, as we know it today, contains vestiges of both Christian and ancient Roman tradition.

But who was Saint Valentine, and how did he become associated with this ancient rite?

The Catholic Church recognizes at least three different saints named Valentine or Valentinus, all of whom were martyred. One legend contends that Valentine was a priest who served during the third century in Rome. Other legends and stories are scattered about the internet.

Valentine greetings were popular as far back as the Middle Ages, though written Valentine's didn't begin to appear until after 1400. The oldest known valentine still in existence today was a poem written in 1415 by Charles, Duke of Orleans, to his wife.

CREAM OF THREE TOMATO SOUP

From: What America Eats

Ingredients:

- 2 Tbsp Olive Oil
- 1 onion (chopped)
- 1 celery stalk (chopped)
- 3 cups low sodium chicken broth
- 1/2 cup sundried tomatoes (chopped)
- 3 (14 ounce) cans diced tomatoes (undrained)
- 1 (8 ounce) can tomato sauce
- 2 thyme sprigs
- 1/2 cup half-and-half
- 2 Tbsp balsamic vinegar
- Salt & pepper to taste

Directions:

Heat 2 Tbsp olive oil in a large saucepan over medium-high heat. Add onion and celery; saute' 5-7 minutes or until tender.

Add chicken broth, sundried tomatoes, diced tomatoes, tomato sauce and thyme sprigs. Bring to a simmer; cook 20 minutes. Discard thyme springs. Transfer soup to a blender (or use an immersion blender in pan); puree until smooth.

Return soup to pan. Stir in half-and-half, 2 Tbsp balsamic vinegar and salt and pepper. Cook 3 minutes or until heated through.

Top with chopped green onions (add a splash of sriracha if you like it hot.)
