IT'S BACK TO SCHOOL TIME - How does the time go so fast ?? ?

I remember when summer was three months long and Christmas took years to come around again. Getting ready for school was an adventure...you got 2 new outfits, 1 pair of new shoes, notebook paper, pencils and crayons (if you were really lucky, you got the Crayola 64 box). Now you need calculators, special three ring binders, new laptops, seems everything needs to match, and I can only guess at the rest. "Our" simpler times were very different from today's demands for speed of knowledge off the internet vs just sitting in the library or sitting around telling stories of the past. For us, it seems out of control, but for those just coming into school and those going back to school, it's the "norm". How times have changed from the School Days writings presented in the Reminiscing section of June/July issue.

August Reminiscing - Thought we would do some special feature stories including one of our town greats -

Captain Berkeley Wells Hall who we all knew and loved as "Budge" (budgeee). I had a chance to chat with Susan to help tell our story which will be updated soon. Glenn and Susan were classmates and friends growing up here in Barnes and I'm glad to say still keep in touch. I remember Budge taking me up in his airplane from the Barnes Airport that was and is still next to the station / Arctic Cat Dealership now Flying Goose Surveying. He said he would do some barrel rolls for me and I said no thank you. Well, to my surprise, here came a barrel roll—OH MY LORD! I never went up again, but I do have to say—it was quite exciting. The other is our beloved Sarah Frint who has worked extremely hard to receive a very special band honor.

Barnes Town Road Updates

THANK YOU FOR THE VERY FINE JOB DONE ON THE MULLIGAN CREEK ROAD 8.2.22

DID YOU KNOW...

Anyone born on or after January 1, 1989 is required to complete a boating safety course to legally operate a motorized boat or personal watercraft on Wisconsin waters AND Paddle Boarders must have a life jacket on the board (preferably being worn).

WE ARE IN SAND COUNTRY HERE AND THE WATER DRIES UP QUICKLY - PLEASE BE AWARE OF YOUR SURROUNDINGS

CHECK WITH THE DNR OR TOWN OFFICE FOR FIRE DANGER STATUS BEFORE BURNING

SAFETY REMINDER: A PWC (Personal Watercraft) may not be operated at faster than “slow, no wake speed” within:

- 100 ft of any other vessel on any waterbody
- 200 ft of shore on any lake
- 100 ft of a dock, pier, raft, or restricted area on any lake

Let's be safe out there!

PLEASE WALK AGAINST the TRAFFIC!!!! THIS IS FOR YOUR SAFETY. I do understand in the city you have sidewalks and it doesn't really matter, but in the country we **must ask** that you abide by the "rules of the road". Bike **WITH** traffic (ditch to your right). **MAKE SURE** your dog is always on the "ditch" side of you and **NOT** on the road side. *I'd like to thank those of you who are walking with your pets away from the road. For those of you I've seen with your pet on the car side of the road, **MAKE THE SWITCH.** If your dog darts toward traffic, you're not in the way to intervene. **The outcome of that is obvious.** Love your pets enough to keep them safe. **NOTE: PLEASE REMEMBER THE STATE, COUNTY AND TOWN LEASH LAWS - YOUR DOG MUST BE ON A LEASH FOR THEIR SAFETY & THE SAFETY OF OTHERS.***

TAI CHI

Tai Chi is done in Barnes for now. Classes will begin in Drummond at 10:30 on Wednesdays and Fridays starting September 7th and running through Thanksgiving week at the Community Center. Suzanne Rooney will offer the beginning class and also add some variety.

Mia Mueller Alston is planning classes in Barnes sometime in September to be held at the Town Hall. Dates and times to be determined. All are welcome to these fun and relaxing classes.

LOOK FORWARD TO SEEING YOU !!

GORDON BARNES

GARDEN CLUB

In July the garden club toured the Bean Timmerman home and Sara Curtis home in Hayward. Both places exhibited years of tender care and growth. Each place displayed a rich and hardy variety of flowers, plants, trees and bushes. Members gained many new ideas for their own yards.

The next meeting is set for the 3rd Tuesday of the month at the Barnes Town Hall at 1:30 p.m. A garden tour on East Short Ed is currently in plan. Check the following Facebook address for more information: [gordonbarnesgardenclub@facebook.com](https://www.facebook.com/gordonbarnesgardenclub)

We welcome anyone that would love to join or just sit in and what the fun.

FLOWER'S ADVENTURES

Flower, our Museum mascot, has been traveling throughout the exhibits in search of his next great adventure. Let's see what he's up to...

It looks like Flower has returned to the duck boat after spending the 4th of July weekend roaming through the whole MacQuarrie exhibit. He was amazed by all of the books that he found on the shelves; they were all filled with stories about Gordon's hunting and fishing adventures. Since many of those adventures took place in the Eau Claire Lakes area, Flower decided to spend time reading some of those stories to his little friend, Stinky. He says you'll enjoy reading them, too! Here's a list of books that include Gordon MacQuarrie's full length articles and newspaper columns:

- Stories of the Old Duck Hunter and Other Drivel. Stackpole Company. 1967
- Stories of the Old Duck Hunter and Other Drivel. Compiled and edited by Zack Taylor. Commemorative Edition. A Reissue by Willow Creek Press, 1979
- TRILOGY: More Stories of the Old Duck Hunters. Compiled and edited by Zack Taylor. Willow Creek Press. 1983
- TRILOGY: Stories of the Old Duck Hunter and Other Drivel. Compiled and edited by Zack Taylor. A Reissue by Willow Creek Press, 1985
- TRILOGY: The Last Stories of the Old Duck Hunters. Compiled and edited by Zack Taylor. Willow Creek Press. 1985
- MacQuarrie Miscellany. Compiled and edited by Zack Taylor. Willow Creek Press. 1987
- Fly Fishing with MacQuarrie. Compiled and edited by Zack Taylor. Willow Creek Press. 1995
- The Gordon MacQuarrie Sporting Treasury. Compiled and edited by Zack Taylor. Willow Creek Press. 1998
- Gordon MacQuarrie. The Story of an Old Duck Hunter. Keith Crowley. Wisconsin Historical Society Press. 2003.
- Right Off The Reel. Select Columns from Milwaukee Journal, 1936-1956. Compiled and Edited by Dave Evenson, Barnes Area Historical Association. 2018
- Dogs, Drink and Drivel. Select Columns from Milwaukee Journal, 1936-1956. Compiled and Edited by Dave Evenson, Barnes Area Historical Association. 2019

WHERE WILL FLOWER GO NEXT?

IT'S "SAFE SUMMER" TIME

Paddle Board Safety Tips:

- **Wear a lifejacket!** - More than 90% of boat fatalities related to drowning involve victims not wearing life jackets, you need one for your safety. You also need one because Wisconsin law, as well as U.S. Coast Guard law, treats paddleboards the same as kayaks and canoes. This means there must be a personal flotation device for each person on board. However, the best way to obey this law and to ensure your safety is to just wear the life jacket.
- **Carry a whistle**
- **Be a competent swimmer**
- **Know how to self-rescue**
- **Know how to tow another board**
- **Know the local regulations and navigation rules**
- **Understand the elements and hazards – winds, tidal ranges, current, terrain**
- **Know when to wear a leash**
- **Be defensive – don't go where you aren't supposed to be and avoid other swimmers, boaters, paddleboards**
- **Use proper blade angle to be the most efficient paddle boarder**
- **take a safety course, [Paddling Safety Course \[exit DNR\]](#)**

LOOKS FANTASTIC !

Friends of the Eau Claire Lakes Area, officially registered as Property Owners Association, Inc. Barnes/Eau Claire Lakes Area, is a voluntary group of year-round and seasonal residents and visitors interested in preserving the beautiful environment in this remarkable corner of northwest Wisconsin. The local water quality is listed in the top 10% of all Wisconsin waters and we have a dedicated group of volunteers who monitor the water quality and educate the population on how to maintain this remarkable asset. We work with local governments, local businesses, and environmental organizations to advance our objectives.

Our organization has developed and funded an award-winning educational program with the Drummond Area School District that takes middle school students to the outdoors for hands-on learning. We sponsor programs and seminars for adults in the community about everything from cooking to successful fishing to maintaining septic systems. We initiated a cooperative program with the Town of Barnes to develop and fund an effective boat landing watercraft inspection program to protect the lakes from invasive species. Our members volunteer to inspect the shorelines for any signs of invasive species and work with the Wisconsin Department of Natural Resources in control efforts.

We always welcome suggestions on how we can improve our organization and better serve the people in our impact area (please contact us at eauclairefriends@gmail.com). We encourage you to officially join our organization.

OBITUARIES: Remembering Loved Ones Lost

WE'LL MISS YOU SHOOTER

Steve Carl Harvey, age 72, of Colfax, WI passed away unexpectedly, but peacefully at his home on Saturday, July 2, 2022.

Steve was born September 16, 1949 in Menomonie, WI to Gilbert and Agnes Harvey. He grew up in the Menomonie area and graduated from high school in 1967.

Steve was united in marriage to Lynn Leinenkugel on June 6, 1987. He loved fishing, hunting, mowing the lawn and snow plowing for the neighbors.

Steve is survived by his wife Lynn and a brother Allen Harvey of Cable, WI.

At Steve's request no official services will be held, but he requests that you raise a glass or a bottle (preferably a Leinies Light) in his memory. Here's to you Sir !

Leinenkugel's

Robert "Bob" W. Palmquist Sr.

Robert Palmquist Jr., age 85, of Eau Claire, passed away Saturday, June 25, 2022 peacefully at home surrounded by the love of his family.

He was born in Barron, WI to Oscar & Minnie Palmquist. He was raised in Barron and when his father died, his mother remarried Rienholt Fahlgren. Reinholt "Slim" raised him when his mother became ill and died.

Robert married his high school sweetheart, Patricia Morehouse, of 67 years, in Mondovi, WI. They resided in Barron, WI and farmed his family farm. After they had their first son Robert Jr. they moved to Eau Claire and then had Barbara, Michael and Tammi.

Coming to Eau Claire he started his own business, Palmquist Plastering and Drywall, he had found his niche and was passionate about his work. He took pride in his craftsmanship and taught his two sons the business and enjoyed working with them. Along with his work he loved spending time at the family cabin in Barnes, WI, which was his second home. When he decided to retire, he ended up starting the family business back up in Barnes, WI. He enjoyed motorcycling, snowmobiling, boating, old cars, deer hunting, watching the Packers and most of all just spending time with his family and friends. He was a fun, loving, kind, supportive, funny, very generous, genuine and good hearted man.

Robert is survived by his loving devoted wife Patricia; two daughters Barbara (Kevin) McDonald and Tammi (Craig Gibson) Palmquist; son Michael Palmquist; 5 grandchildren; 4 great grandchildren; many extended family members; and countless friends.

Several loved ones were awaiting his heavenly arrival, his son Robert Jr; parents; step father; grandparents; 3 brothers; a sister; in-laws; extended family; and many close friends.

We will miss our husband, father, grandfather, brother, uncle and friend. "Love you, bye, for now".

A special thank you to HSHS St. Joseph's Hospice for their professionalism and medical care.

A private burial is planned at a later date for family only. A Celebration of life will be held Sunday, July 24, 2022 at the VFW on 2900 Folsom St, Eau Claire, WI from 1:00 p.m. to 4:00 p.m.

We are so grateful for your outpouring of love, support, heartfelt and thoughtful words, memorial and monetary gifts given in Bob's memory. May God Bless you all for your overwhelming care and kindness. Please accept this message as a token of our sincere gratitude as no acknowledgement will be sent.

The family of Robert W. Palmquist Sr.

OBITUARIES: Remembering Loved Ones Lost

CLEMENT DOUGLAS BLUEM

Eau Claire, WI—With the care and comfort of family, Clem passed on July 3, 2022.

Clem was born in the town of Drammen in 1937 to Alex and Josephine Bluem where he was raised with the 'good old farm life'. Many of his hardworking ethics, love of gardening, and pride in his lawn care were formed here. In 1957, Clem met a young girl named Ginger on Water Street. She fell in love with this kind, quiet, loving man with a dry sense of humor and they wed in 1959. Their strong earthly love and commitment endured for 62 years, 11 months, 3 days with each day better than the last. His love lives on in her heart and in his children Colleen, Michael, and Melinda.

In his younger days, Clem worked at the Farmer Store as a delivery person. He then moved to the Red Owl Grocery Store where he was the Produce Manager. In 1967 Clem started the core of his career years with US Rubber Uniroyal building tires. He took great pride that every tire he produced was worthy of his name attached to it. In 1992 Uniroyal shut its doors and Clem took employment with L&M Mailing Delivery Services. He finished his working years as a security guard with Wackenhut and then retired in 2006.

But Clem was not all work and no play. Clem was an avid bowler, bowling in several leagues a week. Clem found great joy in bowling. He started in 1959 with an average of 124 and ended his bowling career in 2006 with an average of 209. Each year he participated in numerous tournaments; local, state, and national. Numerous memorable moments resulted. The Milwaukee Hollar House was a favorite and a repeat experience. (mmmm. Good times.....Good times indeed).

He served as City Bowling Secretary for 19 years where he got to know nearly every league bowler in the city. Clem also got to know many young bowlers and coach them during his active years with the Jr Bowling League at Wagner's 66 ½ Lanes. Clem advanced his coaching skills by attending the Dick Ritger's Academy for Coaches where he trained to become a Bowling Board Certified Instructor. His knowledge and talent helped many a bowler, young and old, to improve their game and their score.

During his free time Clem also found time to drive the equipment truck and bus for the Sundowners Drum and Bugle Corps during the summer weekends of 1974 and 1975. He enjoyed the music, the competitions, the travel, but most of all, he enjoyed the great kids who worked so hard for the performance.

Clem was part of a card club where they played "500", but his favorite card game was "Barboo" with his family. As a true Wisconsinite, he loved his sports; Packers, Badgers, and Brewers, and of course a good ole Friday Fish Fry.

A member of St James the Greater Church, his faith was strong. God his rock. Jesus his Savior. Even through Covid season he devoutly attended church via televised services until he could sit in the pews again and attended every week showing his faith was stronger than Covid (which he never contracted).

Unfortunately, Clem developed Parkinson's and mild dementia due to age. Over the years this took a toll on his health and, with loving family and the recent help of the wonderful Mayo Hospice organization, was guided to gain his wings.

Clem is preceded in death by his parents Alex and Josephine (Risler) Bluem. Siblings Kenny and wife Helen, Marcy and wife MaryAnn, Bill and wife Sylvia. His in-laws George and Ferris Wright, Joyce and husband Ed Johnston, Idabelle Wright, Bob and wife Dorothy Wright, Jim and wife Sonja Wright, Jerry and wife Patti Wright and Bob Lawrence.

He is survived by his Beautiful Wife Ginger (Wright). Three Terrific Children; Colleen (Bill) Sarkauskas, Michael (Lisa), and Melinda (Steven) Santineau. Eight Fabulous Grandchildren; Alex (Theresa), Justin, Christopher, Samantha, Riley, Drake, Ferris, Eben, and 1 Great Grandson (who put a twinkle in his eye) Gavin. Loving Sisters Frances (Delmar) Travis, Dorothy (Russ) Pederson. Awesome Sister-in-law Barbara Lawrence, Fantastic Brother-in-laws Tom (June) Wright, George (Brenda) Wright. Many Beautiful nieces and nephews, and a blessing of too many friends to count.

Clem's family was his Pride and Joy - and the feeling is mutual.

ANNE HANKE - April 17, 1928 to August 3, 2022 - Eagle River, WI

Ann C. Hanke, age 94, passed away peacefully Wednesday August 3, 2022. She was born in Eagle River, WI on April 17, 1928 to John and Kazimera (Kate) Sarkauskas.

Ann had a proud 53 year career as business manager at Nelson's Ace Hardware. She will be remembered most for her jovial personality, her love of family, fishing, and cabin time at Perch Lake.

Ann is survived by numerous nieces and nephews. She was preceded in death by her husband Raymond (Moe) Hanke, parents, brothers Francis (Frank), Edmund (Eddie), and Anthony (Tony) Sarkauskas, and sister Bernice Cummings.

A private funday gathering of family and friends will be held at the family homestead in the town of Cloverland.

Farewell Aunt "Annie" - What an incredible woman you were. You always treated me as one of your own. You had a heart the size of Heaven and just as much room for love. You will be truly missed by so many. We love you and you are forever in our hearts.

PICKLEBALL PENDING INFORMATION

BEWARE OF SWIMMERS ITCH

Swimmer's itch is a rash usually caused by an allergic reaction to parasites that burrow into your skin while you're swimming or wading in warm water. This parasite lives part of its life in snails and part of its life in ducks. There are already reported cases this season.

Things you can do:

- Keep your beach area clean of snails
- When coming out of the water, dry off right away
- Change out of your swimsuit
- Use Waterproof sunscreen
- Do not feed the ducks

If you do get swimmers itch, there are topical treatments that you can pick up. (i.e., Benadryl, Cortizone, etc.)

AUGUST REMINISCING - LOCAL CELEBRITIES

Sarah Frint, age 16, from Barnes and a flute player at Drummond High School, was nominated this spring by band director Quint Schultz to take part in a state-wide honors band. Students are nominated based on playing ability and the band directors' knowledge of which students would take full advantage of the learning experience being offered.

Wisconsin Ambassadors of Music (WAM) will include both a band and a choir made up of about 180 Wisconsin High School students from across the state. The students will practice assigned music individually and then meet for a band camp in June of 2023. After the camp, they will perform a concert for parents and the community and then leave for a 2 week tour of Europe, where they will perform concerts in 5 countries. Concert stops will be made in England, France, Switzerland, Germany and Austria.

Along with the concerts, students will take tours and visit sites such as the Tower of London, Big Ben, Notre Dame, the Eiffel Tower, the Alps, Dachau Concentration Camp and more. Sarah is also hoping for a chance to meet up with her European family -- 8 foreign exchange students that her grandparents have hosted over the years.

Sarah started playing flute in 5th grade. She has taken part in an area Middle School Honors Band, a High School Honors Band held both at UW Superior and Northwestern High School in Maple, WI. Sarah has also brought home first place medals for solos and a duet performed at contest and was presented with the 2022 Outstanding Musicianship Award at the spring band concert. Along with the Drummond High School Band, she enjoys marching in the Bayfield Apple Festival every year and is usually found on the pep band stage during Drummond home basketball games.

Congratulations Sarah for these amazing accomplishments. We can't wait to see pictures and hear stories from your upcoming adventures.

WE ARE SO PROUD OF YOU !!!

NOTE: WAM is doing a fundraiser for the trip to Europe. For \$36, you get 5 cards for Ultimate car washes at Kwik Trip. The order form is at Jim's Bait. Payment is due at the time of ordering...cash or check. Order is placed as soon as the order sheet is full. Fundraiser will go on until the trip begins.

BARNES AREA HISTORICAL ASSOCIATION NEWS

Greetings!

As the renovation of the Pease One-Room Schoolhouse moves ahead, we continue to search for early schoolhouse items to complete our "replica early 1900s classroom room" within a portion of the building. Artifacts related to all of Barnes' early schoolhouses will be displayed throughout the building, along with historical documents, photographs, collected memories, etc. Our hope is to educate and inspire an understanding of what "life within these schools" was like for students, teachers, and community members.

** If you have any items that might be in need of a "new home", please let me know. They will be warmly welcomed into our schoolhouse and greatly appreciated! I will happily arrange to pick up any items and cover any costs that might be involved. If you have relevant items that are not on our list, please let me know. I'd be interested in learning more about them!

Items being sought for the Pease One-Room School:

- Early US Flag [for wall mount with pole]
- Hand-held slate boards; Erasers & box of chalk
- Organ stool
- Old textbooks – K-8 grade levels [pre-1940]
- Kerosene lamps [wall-mounted style and hanging style]
- Water dispenser [5 gal. pottery with spigot or similar]
- Table model, battery-powered Radio [for "School On the Air" programs]
- Lunch buckets, pails, boxes
- Globe [pre-40s would be interesting - we have one dated to the 70s]
- Cursive writing scroll and other classroom teaching resources
- Small teacher's desk or table

Thanks for your help! Carol LeBreck (715-795-2540)

MAKE SURE YOU HAVE YOUR PET'S MEDS AND SHOTS UP TO DATE !!

This year is no different than any other so please be sure your pet's shots are up to date, including Lymes, make sure their license is current and that the rabies tag is on their collar. Check the Town of Barnes leash and public area laws to keep your dog safe. If you're just moving to the area, your dog must be on a leash when walking or in public, and, you must have a local License tag. Visitors, please keep your tags up to date and your pet on a leash. You can get the license applications at the Town of Barnes office. Reminder: Kitties need their rabies, distemper, lymes shots and frontline/collars too! (even if they're inside kitties.) Volunteer Boat Landing Monitors Needed Due to Severe Shortage

Boat landing monitors on Upper, Middle and Lower Eau Claire Lakes, Tomahawk and Robinson Lakes play an important role in reinforcing state laws preventing the transport of aquatic plants and lake water from lake to lake.

The DNR-funded Clean Boats-Clean Waters Program of the Barnes Aquatic Invasive Species Committee provides funds for hiring boat landing monitors but only if we provide volunteer hours to match 25% of the paid staff hours.

According to Lee Wiesner, Town of Barnes AIS Committee Chair, we are so short of volunteers that we are matching at a rate of 6.8% and this threatens our ability to acquire future continued funding. This summer we have not been able to provide boat landing monitoring at the level needed because of the shortage. Many hours on weekends, the busiest use of the boat landings, are left unstaffed.

Most data point to motor boats and boat trailers as the source of the Eurasian Water Milfoil that has infested Tomahawk, Sandbar and George Lakes and the invasive Curlyleaf Pondweed that has hit Upper and Middle Eau Claire Lakes along with the Eau Claire River from where it starts at Middle to above the lock & dam as it drains toward Lower Eau Claire Lake.

The largest patches of the invasive Eurasian Water Milfoil at Tomahawk Lake is directly in front of and near the boat landing. The only really massive patches of invasive Curly Leaf Pondweed in Middle Eau Claire Lake are in directly in front of the public boat landing. Despite mechanical, suction removal of much of one patch, using the Barnes BAISS pontoon boat from 8am to noon daily during June, 2017, curly leaf pondweed spread to multiple other sites in Middle Eau Claire Lake and to the Eau Claire River.

We need to fully staff the boat landing monitor positions to prevent further introduction of invasive species. Careful removal of all aquatic plants and lake water watercraft leaving the lakes and reminders by the presence of boat landing monitors is a key preventive step relied upon to halt further spread.

Anyone persons who are interested in becoming a volunteer or paid boat landing monitor should contact Barb Clements, (Barnes AIS Committee Clean Boats/Clean Water Boat Landing Monitor Coordinator). **Call: TBD**

RECYCLING MYTHS AND FACTS:

The most common items to be recycled are: Mail, paper, glass bottles & jars, aluminum, steel & tin cans, plastic bottles, jugs and tubs.

Myth: Any plastic can be recycled

Fact: Only plastic bottles, jars, jugs, tubs with a # 1,2,5 are recyclable. Plastic buckets / pails and lids are not

Myth: Plastic bags, electronics, medical waste, Styrofoam, plastic totes, lawn chairs, empty oil containers, Amazon/USPS shipping bags, pots and pans can be recycled.

Fact: NONE of these are to go into the recycle bins

Myth: Any item placed in the recycle bin will be recycled

Fact: This is "wish-cycling". Too much contamination will cause the bin to be emptied in the landfill and fines will be levied to the transfer station.

Myth: It is ok to place small amounts of food waste (garbage) in recycle bins

Fact: ALL ITEMS MUST BE CLEAN Nothing with food waste, grease, etc. is recyclable

Myth: Plates, bowls, cups, saucers, glassware are cyclable

Fact: They are not. This includes dirty paper plates/plastic ware and solo cups

ITEMS NOT ACCEPTED AT THE BARNES TRANSFER STATION: Paint, moto oil, gas, explosives, fireworks, ammunition, flammables, antifreeze, lubricants, corrosives, etc. Ask attendant if in doubt. Keep foods and liquids out of recycling. No loose plastic bags, bagged recyclables or Styrofoam.

All cardboard boxes mut be flattened and 3x3 ft or smaller. **No** pizza boxes.

NAMEKAGON TRANSIT BAYFIELD COUNTY ROUTE

Bayfield County and Namekagon Transit are providing a route to serve the southern part of Bayfield County. The route originates in the Barnes area then picks up riders in Drummond and Cable, continuing into the Hayward area. Passengers will then have the ability to transfer to a "circular route" in Hayward, where they can travel from store to store or from one address to another, including the courthouse and various medical facilities. The cost for the service is \$1.00 one way and \$0.50 for seniors and persons with disabilities who have a Transit ID card. You **must** call by 1:00 p.m. the previous day to schedule a ride.

If you would like to have an application sent to you for a reduced fare or have any questions, please call Namakagon Transit toll free at (866) 295-9599 or 715-634-6633.

EVERY TUESDAY

- 9:50 Leaves the Barnes Community Center
- 10:10 Leaves the Drummond Library and Senior Housing
- 10:45 Leaves the Cable area/Rondeau Market
- 11:00 Arrive in Hayward at the Hayward Area Memorial Hospital
- 1:00 Begin return trip to Cable, Drummond and Barnes with stops as needed

BE A VOLUNTEER BOAT LANDING MONITOR HELP US WITH A CURRENT SHORTAGE OF VOLUNTEERS

Help us keep our lakes healthy and free of invasive aquatic plants and animals.
Help us monitor compliance with state laws for boats entering and leaving the lakes.

We staff boat landings at Upper, Middle, & Lower Eau Claire Lakes, Tomahawk & Robinson lakes, mainly on weekends and remind boaters to:

- Remove all aquatic plants from boat and trailer
- Drain lake water from boat, motor's lower end, live well
- And more

We now have advanced scheduling for your convenience and can use you any day of the week

Training Provided

The Clean Boats/Clean Waters monitoring program is covered by a DNR Clean Boats/Clean Water matching grant. 25% of paid staff hours must be matched by volunteers and we have not been able to do that this year. PLEASE help.

Would you like to serve as a volunteer boat landing monitor for a two-hour slot on a weekend or other day?

BAYFIELD COUNTY

Bayfield County is recruiting for an additional Youth Services and Support Coordinator. We are interested in finding the right individual to work with families; please share this with anyone you think would make a quality case manager, as it could really help the search!

<https://www.governmentjobs.com/careers/bayfieldco/jobs/3580102/youth-support-and-services-coordinator>

The Children's Long-Term Support (CLTS) Waiver Program is a Home and Community-Based Service (HCBS) Waiver that provides Medicaid funding for children who have substantial limitations in their daily activities and need support to remain in their home or community.

Historically, there was a waiting list for CLTS. Wisconsin Department of Health Services (DHS) established the continuous enrollment initiative in 2021.

Continuous enrollment is a process that helps kids join the CLTS Program faster. This new initiative has allowed Bayfield County to serve many more children with disabilities. It has been a challenging time for the Support and Service Coordinator to keep pace with the number of children on the case load who need service coordination.

If you have any questions regarding Bayfield County Programs, please contact:

When a Workforce Shortage Crisis and a Caregiving Crisis Meet

“Wisconsin Working Caregivers: Strategies and Resources for Employers”

For more information, please visit [Wisconsin Family Caregiver Support Program \(wisconsinfamilycaregiver.org\)](http://wisconsinfamilycaregiver.org).

Madison, WI – The workforce shortage crisis being felt by businesses across Wisconsin includes a characteristic that is often overlooked: The need to support family caregivers in the workplace.

Employers experience a drain on productivity when employees struggle to balance their work lives with the responsibilities of caring for children, aging relatives, or disabled family members. In a recent survey, more than eight in ten employed caregivers in Wisconsin reported having their work life interrupted, resulting in workplace accommodations such as using flex time, reducing work hours, or quitting work entirely.

“Without adequate support, working caregivers and their employers suffer,” said Lynn Gall, Family Caregiver Support Programs Manager for the Wisconsin Department of Health Services and member of the survey project conducted by the Wisconsin Family and Caregiver Support Alliance (WFACSA). “The results showed us the challenges faced by working family members and friends and the businesses that employ them. Our goal at WFACSA is for every employer in Wisconsin to know about our state’s free Aging and Disability Resource Centers (ADRCs), family caregiver support programs, and other community organizations available to help support their employees.”

Conducted in partnership with UW-Madison Division of Extension, [the Wisconsin Working Caregivers Strategies and Resources for Employers](#) report published by WFACSA provides insight into challenges of recruiting and retaining employees in the current job climate. It also identifies opportunities for businesses to make positive changes simply by tapping resources already available in every Wisconsin community.

Numerous studies, including a [Harvard Business School](#) project called “Managing the Future of Work: The Caring Company,” note that employers can attract and retain more workers by helping staff balance work and family caregiving responsibilities. Employers may not realize that one in four working-age adults provides care or financial assistance to an older family member or loved one With a disability or long-term such as an adult child, spouse, or other loved one. This means that at least one quarter of potential hires and those currently working are balancing home and job responsibilities in addition to traditional child rearing.

“We learned that a few small changes can transform businesses into a place where employees will want to build a long career,” says Harriet Redman, Executive Director of WisconSibs and member of the WFACSA project. “That is why we are excited to share our survey results and open the conversation around the free and low-cost strategies and resources already available to support businesses.”

The survey also found that nearly 3/4 of respondents were not meeting their own personal needs, such as taking care of their own health, and 2/3 had difficulty balancing care for someone at home. Seventy-two percent said they were tired or worn out all the time, while 90 percent said their 2 emotional or physical health had worsened since taking on a caregiving role. (2-page synopsis of survey findings [here](#).)

Approximately 40 million Americans are providing care to an adult family member or friend, and nearly 60% of them (approximately 24 million adults) also work a paying job. Even more workers are providing care for a child with disabilities or special healthcare needs. Not only do employed caregivers experience high levels of stress, but their dual roles also impact their careers and employers.

The UW Division of Extension Employed Caregiver Survey is free and available to any employer interested in surveying their own workforce.

The mission of the [Wisconsin Family and Caregiver Support Alliance](#) is to raise awareness of family and caregiver support needs and increase the availability of and access to services and supports - both paid and unpaid - which will keep people across the lifespan engaged in their community as long as they desire. Fluorescent Lamp recycling

Wisconsin's **Focus on Energy** has sponsored a fluorescent lamp (curly type) recycling program. Residential bulbs can be recycled at the following participating local retailers:

Hayward - Ace Hardware and Co-op Hardware
 Poplar - Poplar Hardware
 Solon Springs - Solon Springs Mercantile

Some 5 million Compact Fluorescent Lamps are being sold in Wisconsin annually. While these bulbs save energy and reduce the emissions from power plants, they also contain mercury and should be recycled. According to the Mercury Product Flow Model developed for DNR, an estimated 263 kilograms (580 lbs) of mercury were released to the environment from fluorescents in 2000 -- and this was before the rapid increase in sales of compact fluorescents. The Council on Recycling has chosen mercury-containing products as one of its priorities for improving management, and, where possible, the elimination of the use of mercury.

Focus on Energy has set up a program to facilitate the take back and recycling of fluorescents at over 250 retailers throughout the state. Their web page has a locator for these businesses www.FocusOnEnergy.com. (Under 'Store Type', choose the listing for 'CFL Recycler'.)

WE STILL HAVE BUTTONS !!

"THERE IS A BARNES, WISCONSIN"

Back in the 70's, the Barnes Homemakers Club sold these buttons for fundraisers.

Tom Van Delist came across one of the buttons in his mothers belongings and decided it was time to bring them back.

The buttons were sold to help raise funds to support the new storage building for the Barnes ATV and Snowmobile clubs. Also, for the Barnes Notes and News.

The buttons are \$ 3.00 each or 4/\$10.00
 We don't want the remaining buttons to sit....so let me know when you're ready to get some more!!!

Just because we can in the summer too!

I never knew how much I had actually paid attention to mom when she canned until my first try at it. I remembered everything, even to seal it with a "little love." But after mom passed away, it was like I'd never canned before! I kept turning around to ask her what to do next.

Canning is a perfect way to make those memories with your family, and canned goods are such a wonderful gift to give.

Spend time together making memories, as they are beyond priceless.

READY TO START CANNING ?

Here are some items that you'll need or may want to try to get started using the boiling water bath method of processing.

LARGE STOCKPOT: Choose a stockpot that holds at least 12 quarts and is tall enough to allow the jars to be fully submerged during processing.

LADLE: Allows you to safely pour the mixtures into jars through the funnel.

JAR FUNNEL: Place in the mouth of the jar to fill without spilling.

JAR LIFTER: Safely lift lids out of hot water with magnetic end.

BUBBLE REMOVER & HEADSPACE TOOL: Slide into the side of filled jar to release any air bubbles and measure headspace.

TONGS (with coated handles) Safely lift foods during canning or cooking.

JAR LIFTER: Safely remove hot jars from boiling water with one hand.

GLASS CANNING JARS, LIDS AND BANDS: Fill the glass jars with your yummy creation, then seal in the freshness with one-time-use lids and reusable bands.

BEFORE YOU START

Before you start canning, read recipe instructions and gather all equipment and ingredients. Inspect the glass canning jars carefully for any chips, cracks, uneven rims or sharp edges that may prevent sealing or cause breakage. Discard any imperfect jars.

TIPS FOR SUCCESSFUL CANNING:

- Select fruits and vegetables when they are at the peak of their quality and flavor, washing them thoroughly before using.
- Follow the directions for each recipe exactly—don't substitute ingredients or change the processing times. Prepare only one receipt at a time; do not double recipes.
- Substitute a cake cooling rack if you don't have a rack specifically made for canning. Place in the canner before you add the canning jars.
- Use only white vinegar when pickling.
- Use a canning funnel, which has a wide opening and sits on the inside of the mouth of the jar, allowing you to fill the jars cleanly and easily. Wipe the threads and rim of each jar to remove any food that spills.
- Reuse screw bands if they are not warped or rusty. Jar lids are not reusable however, so use a new one for each of your canned creations.
- Accurately measure the head space—the distance between the top of the jar to the food/liquid inside. This is critical because it affects how well the jar seals and preserves its contents. A clear plastic ruler—kept solely for kitchen use, is a big help in determining the correct headspace.
- Refrigerate leftover product if there's a small amount left that won't completely fill another jar. Use it within several days.
- Use non-metallic utensils when removing air bubbles from the jar and measuring head space.
- Store home-canned foods in your cupboard for up to one year.

HOT JARS VS. HOT STERILIZED JARS:

Why do some canning receipts call for hot sterilized jars, while others call simply for hot jars?

If the mixture will be processed in the boiling-water canner for 10 plus minutes, jars just need to be hot.

If it's less than 10 minutes, jars need to be sterilized in boiling water for 10 minutes (or 1 minute more for each 1,000 feet of additional altitude.)

You may ask, why do the jars have to be hot before hand? The liquid/food you're putting in them is boiling hot, thus if the jars are hot (besides the obvious sterilization) you aren't putting hot product into cold jars and taking a chance of them breaking either when the product goes in the jars or when you put them in the water bath.

PAY ATTENTION TO THE PECTIN

Liquid and powdered pectin are made from the natural pectin in apples and citrus fruits. However, they are not interchangeable. Always use the specific type of pectin called for.

EASY CINNAMON ROLL CASSEROLE

Prep Time 5 minutes / **Cook Time** 25 minutes / **Total Time** 30 minutes / **Servings** 6

Ingredients

- 2 17.5 oz tubes Pillsbury Grands cinnamon rolls (regular 12.4oz cinnamon rolls are ok too)
- 1/4 cup butter melted
- 2 eggs
- 1/2 cup heavy whipping cream
- 2 tbsp flour
- 3 tsp cinnamon
- 1/4 tsp nutmeg
- 1 tsp vanilla extract
- 1/2 cup finely chopped pecans
- Icing from cinnamon rolls
- Powdered sugar or maple syrup if desired

Instructions

- Melt butter and coat a 9x12 baking dish with the melted butter (There will be extra, that's OK)
- In a bowl, beat together eggs, cream, flour, cinnamon, nutmeg and vanilla.
- Open canned cinnamon rolls, slice each cinnamon roll like a pizza, into eighths. Place cinnamon roll pieces into the bowl of egg mixture and toss to thoroughly coat. Then pour the pieces, coated in egg mixture, into the greased baking dish and spread out evenly. Any remaining egg mixture, you can pour or brush over top of areas that look like they might get dry. Sprinkle with pecans (optional)
- Bake in the oven at 350° for 18-25 minutes or until light golden brown. Smaller, deeper pans may require additional bake time. Type of cinnamon rolls used can also vary cook time. Best to keep an eye on things and check one of the middle pieces to be sure dough is set before removing from oven.
- When all dough is set, remove the french toast bake from oven. Warm icing from cinnamon rolls in microwave for 15 seconds; pour evenly over cinnamon roll pieces. Sprinkle with powdered sugar or top with maple syrup if desired.
- Serve warm and Enjoy !!

Never Boil Corn Again.....

Throw it in the oven at 350* for 25-30 minutes.

Leave the husk on, it will trap in the moisture, leaving you with juicy, tender corn.

The husk and silk will peel away easily once it's cooked.

Cut off the large end and the corn slides right out with no silk.

Bonus: keeps more of the nutrients in the corn

(no boiling is best)

PICK YOUR OWN BERRIES

TIPS FROM CHERYL PEASE - CERTIFIED NUTRITIONIST

Fruit has carbohydrates and a form of natural sugar called fructose, which can raise your blood sugar levels. But it can still be part of your meal plan. It's full of vitamins, minerals, and powerful plant compounds called phytochemicals.

All fruits have vitamins, phytochemicals, and other things that make them good for you. But some are more likely to lower your chances of chronic disease:

- Blackberries. One cup of raw berries has 62 calories, 14 grams of carbohydrates, and 7.6 grams of fiber
- Strawberries. One cup of whole strawberries has 46 calories, 11 grams of carbohydrates, and 3 grams of fiber
- Tomatoes. One cup of sliced or chopped tomatoes has 32 calories, 7 grams of carbohydrates, and 2 grams of fiber
- Oranges. One medium orange has 69 calories, 17 grams of carbohydrates, and 3 grams of fiber.

Choose Low GI fruits more often than High GI fruits.

Watch your portion size and spread your fruit out over the day.

Instead of two servings for breakfast, have one at breakfast and another at lunch or as a snack.

**AIR FRYER
CRAB RANGOON**

Ingredients:

- 1 cup crab meat – you can use real or imitation crab meat
- 1 Pkg cream cheese
- 2 green onions, sliced
- 2 tsp Worcestershire sauce
- 1/2 tsp Garlic powder
- 47 - 50 Wonton wrappers
- Grapeseed oil – or any other high heat oil that is safe to spray in the air fryer

Directions:

Step 1: in a medium bowl stir together crab meat, cream cheese, green onions, Worcestershire sauce and garlic powder.

Step 2: spread out wonton wrapper on a flat surface, add one tsp crab mixture to the center of each wonton wrapper

Step 3: dip clean fingers into water and run finger along the outside of the wrapper to wet the edges.

Step 4: fold opposite corner of wonton wrapper to make a triangle, making sure the edges are sealed.

Step 5: fold remaining three corners in toward the center to make a little bundle.

Step 6. Preheat air fryer to 9 if your model requires preheating to 350 and 8 minute cook time. Spray air fryer basket with grapeseed oil

Step 7: Place crab Rangoon in the air fryer and spritz with grapeseed oil. Note: You may need to work in batches depending on the size of your fryer.

Step 8: Air fry for 8 minutes. At the 4 minute mark, open the air fryer and spritz crab Rangoon with more grape-seed oil. Continue to air fry for the remaining 4 minutes until golden.

Step 9: let cool slightly before serving.

Enjoy Strawberries Sooner by Planting in the Fall

When you plant strawberries in early fall, you'll be able to harvest fresh, homegrown berries during the first growing season. Planting in fall allows root systems to establish before winter. Come spring, the plants will be ready to support fruit production. No pinching off blossoms the first growing season and waiting until the next year to harvest, as recommended for spring-planted strawberries. Order strawberry plants today, and we'll ship your purchases at the appropriate planting time for your grow zone.

Instead of going out and buying multiple muffin pans that are made in China. Simply use old Mason or Kerr Canning Jar lids. You can bake more cupcakes at one time. This way you can save time on cooking and use less energy.

Last night I ordered a glass of wine with my dinner and the waiter asked for my ID. I replied do I look that young and the waiter said "No. I just wanted to see if you qualified for the Senior Citizen discount." 😞

EASY PICKLED RADISHES

Shared by my Cousin Ron Frierhood Indiana

Servings:12 / Prep Time:10 minutes / Cook Time:5 minutes
Cooling Time:30 minutes

Ingredients:

- 2 bunches of fresh radishes
- 2 cups water
- 3/4 cup white distilled vinegar
- 1 tablespoon sea salt
- 2 tablespoons sugar

Optional Ingredients:

- 2 teaspoons onion granules, or 1/2 fresh diced
- 2 teaspoons garlic granules, or 3 minced fresh cloves
- 1 teaspoon celery seed
- 1 teaspoon black peppercorns

Directions:

- Rinse the radishes under cold water to get any dirt off.
- Cut off the root end.
- Slice them thinly on a mandolin or quarter them.
- Add the water, vinegar, salt, and sugar, and the optional pickling ingredients together in a medium-size pot.
- Bring it to a boil and then cool it completely to room temperature, which takes about 30 minutes.
- Once cool, cover the prepared radishes with the pickling liquid in a mason jar. Screw on the lid and store in the refrigerator for up to 4 weeks.

Make-Ahead: You can make these pickled radishes up to 3 days ahead of time.

How to Store: Screw the lid on tight and keep it in the refrigerator for up to 4 weeks. In addition, you can pickle these and store them on the shelves per instructions to the left.

Any color radish will work for this recipe.

You can also use red wine vinegar, cider vinegar, or white vinegar in this recipe.

Sliced radishes can be eaten within 1 hour of pickling while whole or quartered radishes should be kept in the refrigerator for 24 hours before eating.

Radishes tend to produce a lot of sulfur so during the pickling process you may notice an egg-type smell, but I can assure you there is nothing wrong with the radishes and they have not gone rotten.

FOLLOW THESE SEALING STEPS FOR RADISHES IF DESIRED

- **How to Store:** Keep the lid on the jar and store in the refrigerator under 40° for 4-6 weeks.
- **How to Freeze:** Pickles do not freeze well so we advise against it.
- **How to Seal:** Once the brine has been poured over top of the cucumbers you will immediately screw on the lid and place into a pot of boiling water with a rack in it and boil for 10 minutes. Simply cool it too room temperature and keep for up to 1 year. You will know it has sealed correctly if the lid on the jar will not move at all when pressing in the center of it.

EAU CLAIRE LAKES CHAIN -

- Robinson Lake to Birch Lake.** Navigable by canoes, kayaks, and most pontoons or speedboats. No bridges to go under.
- Birch Lake to Upper Eau Claire.** Navigable by canoes, kayaks, and most pontoons or speedboats. Bridge at Lake Road, just before entering Upper Eau Claire.
- Bony Lake to Middle Eau Claire.** Navigable by canoes, kayaks, and medium-sized fishing boats or speedboats. Bridge at Highway 27.
- Middle Eau Claire to Lower Eau Claire.** This connection includes a lock and dam that can handle canoes, kayaks, and small fishing boats. Paddlers may find it quicker to just portage up and over South Shore road. Above this point, the river is navigable by canoes, kayaks, and most pontoons or speedboats—pretty much anything that can get under the bridge at River Road.
- *Upper Eau Claire to Middle Eau Claire.** This narrow, rocky passage gets an asterisk because it's only navigable by canoe or kayak. Even then, it's most feasible as a one-way downstream trip. Begins at outlet dam; portage is on private land.

Notes: Sweet Lake, Schuenberg Lake and Smith Lake are all accessible from Upper Eau Claire. You can Canoe or kayak for get into Sweet Lake, or possibly portage a boat through the narrow channel.
