

TOWN OF BARNES ROADS AND RIGHT OF WAY COMMITTEE  
June 29, 2015

Meeting called to order at 1:05 PM

Present were Bob Lang, Dan Stein, Greg Martin, Tom Emerson and Don Dealing.

Lang/Stein Minutes from May 18 meeting approved. Passed.

Site visits to the Pickerel Lake Road Boat Landing and Schiess Road were made.

Stein/Emerson Motion to concur with plan to expand the Pickerel Lake boat landing as proposed by DNR to add parking along the SW side of the access road. Passed.

Stein/Dealing Motion: The Committee approves contacting Morgan and Parnley to advise them we are in agreement with their proposed list of Spot Improvements as delineated upon the provided drawing files. We would however request that when the Estimate is prepared, that it include estimated costs for alternate typical sections which include an additional 4" of virgin gravel over the length of the project. This would be in addition to the estimated costs for the provided typical sections. We would further request a short narrative setting forth the anticipated extension of the project's life cycle as a result of the use of the additional depth of base materials. Passed.

Next meeting scheduled for August 5 at 1:00 PM at the town office.

Adjourned at 3:20 PM.

Respectfully submitted by Don Dealing, Chair
