PLEASE CONTACT THE TOWN OFFICE WITH QUESTIONS

Welcome to 2018... Sweet Dreams 2017

I hope you all had a very SAFE and Happy Holiday season. As another year comes to an end, we look back on what was good, great, bad and ugly. We worried about what should have happened and didn't, what we wanted and didn't get, or finally had something happen and didn't believe that it actually did. There truly are things that we should worry about and that's family, love and friendship !! I've been blessed with an unbelievably loving family and truly wonderful friends. I hope with all my heart that whatever 2017 brought to you, it was good or has rectified itself so you could close the year in peace.

I MUST once again thank ALL of you that helped bring back the news, stories, events and happenings to the people of Barnes as it was sorely missed. There are so many of you that have helped in some way and no matter how big or how small, I could NOT have done it without you. The support I've received in "kudos", donations and your understanding of my limited time is so beyond greatly appreciated. As they say, "there are no words." It is greatly satisfying to see the hard copies disappear so quickly each month. Thank you!

We're still working on getting a link on the town website. Now that I have a tad bit more time, we'll have this going in January. Keep your eyes open for the Barnes Notes and News link.

The **Reminiscing** section this month brings you the history of "New Years". We all know it as remembering (or forgetting) the old, then making resolutions that we fight to keep, but most importantly, it's another chance to start over. Something most of us may not have ever known, or just simply forgot, is that the celebration of a new year dates back 4,000 years. (Just like it was yesterday!) I hope you enjoy the article.

Keep in mind, the BAHA needs your recipes now! A good way to start the new year going through old recipes to remember those years gone by!!!

*** STAY WARM ***

May God Bless and Keep you all. *Julie Sarkauskas*

YOU MAY HAVE BEEN SEEING BUTTONS AROUND TOWN THAT SAY...

"YES! THERE IS A BARNES, WISCONSIN"

Back in the 70's, the Homemakers Club sold the buttons for fundraisers.

Recently, long time resident and friend, Tom Van Delist, came across one of the buttons in his mothers belongings and decided it was time to bring them back. A GRAND gesture, they will be sold to help raise funds to support the new storage building for the Barnes ATV and Snowmobile clubs. Also, for the Barnes Notes and News.

Thank you Tom!

The buttons are \$ 4.00 each or 3/\$10.00. You can purchase the buttons at many local establishments.

JAMES THOMAS TRACY SR.

James Thomas Tracy Sr., 84, passed away peacefully on the morning of Friday, December 22, 2017 at St. Mary's hospital in Duluth. Jim was battling several medical ailments that advanced in the past year. Known by many as "Big Jim," he was born in Superior to his parents Frank and Lillian on February 6, 1933. Jim attended Cathedral School from elementary through high school where he met his sweetheart and eventual bride of 59 years Marjorie Stack, a fellow classmate of the Cathedral High School class of 1951.

Upon graduation from Cathedral, Jim attended the University of Wisconsin-Superior where he earned a degree in geology, played football under legendary coach Mertz Mortorelli, and was a member of the FEX fraternity. Jim worked for the railroad prior to being drafted into the United States Navy where he served for three years. Jim's cousin, Fr. Donn Tracy, married Jim and Marge in 1958 at the Cathedral of Christ the King.

Beginning in 1958, Jim worked as a mechanical contractor with Stack Bros., Inc. until his retirement in 1998. Jim and Marge raised three boys at homes in Hayes Court and on Hammond Ave. in Superior; Tom (born September 13, 1959), Tim (born December 7, 1961), and Matt (born January 7, 1966).

Jim was a pioneer of Catholic education in the city of Superior and beyond. In addition to sending his own children through Cathedral School, Jim served on the Diocesan school board for the Diocese of Superior for 13 years. It was in this position that Jim developed dynamic relationships with many clergymen in the Diocese, particularly Msgr. Ed Meulemans who remained a close friend. As recognition for their impact on Catholic education, Jim and Marge were the first couple to receive the Lumen Christi award from Cathedral School in May 2017.

Jim also served in various positions of leadership and service as a parishioner at the Cathedral and St. Pius X parish in Solon Springs. He was the last surviving member of the first group of lay lectors at the Cathedral following the Second Vatican Council in the 1960s. He also served on the Building and Grounds committee of the Cathedral for many years and was an instrumental member of the Cathedral Enhancement committee that orchestrated a multi-million dollar renovation of the Cathedral in 2005. Jim also reprised his childhood role as an altar server in the last few years with Fr. Jim Kinney at St. Pius X.

Jim gave of himself in service to the community of Superior in various roles. Following a car accident in 2000, Jim started a volunteer group that helped escort patients around St. Mary's hospital in Superior. He faithfully volunteered there on Tuesday afternoons each week for the next 15 years. Over the years, Jim also served as a board member for several local and regional business organizations. He was a fourth-degree Knight of Columbus and served as council president of the Society of St. Vincent de Paul in Superior in the 1990s.

Jim enjoyed time spent with his wife and family, particularly in the summertime at their home on Lake Beauregard in Barnes, WI. He loved the woods and outdoors and was a great steward of ecology. He could often be found perusing the city of Superior in his truck to check with friends and colleagues for the latest buzz around town. Jim was always immersed in a do-it-yourself project around the house or cabin and was well known later in life for his colossal batches of horseradish and pickled onions which he dispersed free of charge throughout Douglas County.

It appeared to most that Jim knew everyone well or had a special social affiliation with most people. These connections facilitated awesome conversations and stories to take place; many of these we are sure will be topics of discussion during this time of remembrance. He loved life, he diligently prepared for the end of his time on earth, and while doing so he most often made others smile.

Jim is preceded in death by his parents, brother Gene Tracy, sisters Dona Serrano and Mary Sirek, and son Tim. He is survived by his wife Marjorie, sons Tom (Lynn) in Superior and Matt (Karen) in St. Michael, MN, daughter-in-law Tammy in Nashville, TN, along with eight grandchildren James III (Cassie) in Maple Grove, MN, Dan in St. Francis, WI, Anne in St. Paul, MN, Kellen in Superior, Taylor in Nashville, Sydney, and Jackson in St. Michael, MN.

Pallbearers for the Mass will be grandsons Kellen Tracy, Joshua Tracy, Jackson Tracy, and friends Bob Cragin, Milt Bounting, and John Devinck.

In lieu of flowers, donations can be directed to Cathedral School or the Sacred Heart of Jesus Conference of the Society of St. Vincent de Paul. The Downs-LeSage Funeral Home, 1304 Hammond Avenue, Superior, is assisting the family with arrangements. To leave a condolence or sign the guestbook, please visit our website at www.downs-lesage.com.

BARNES BOOK CLUB

The Barnes Book Club will have their first meeting of their twenty-first year at 9:30 A.M. on Monday, January 22 in the library of the Barnes Community Church. Come join us if you would like to discuss our book, or just listen in as others talk about it. The January book is *Man's Search For Meaning* by Victor Frankel.

The fourth Monday in February, same place and time, we will discuss *Lincoln in the Bardo* by George Saunders.

GORDON-BARNES GARDEN CLUB

The members of the club had a very busy month! After gathering all kinds of greens from yards and woods, we met at President, Pat Johnston's home to make evergreen swags. These swags were then used to decorate cheer bags for some of our community members in Barnes, Gordon, and Minong. After making the swags, about 15 members enjoyed a delightful lunch. We then dispersed to prepare for the second part of our Christmas task which was to gather the contents of our bags.

On December 12th, club members met at the Long Branch Saloon in Minong. We all brought different things to pack in the 25 large bags we planned to deliver. There were homemade breads, cookies, and candy. Some club members had shopped for fresh fruit, cheese, sausage, popcorn, and crackers. Also, one of our members provided a beautiful calendar for each bag. An evergreen swag was the crowing glory of each bag.

At lunch, following the flurry of filling the bags, we celebrated the passing of the presidency from Pat Johnston to Sharon Holm who will begin her term with our January 16, 2018 meeting at the Barnes Town Hall at 1:45. We hope you will consider joining us.

GEARING UP FOR THE 2018 WINTER OLYMPICS

The 2018 Winter Olympics will take place in Pyeongchang, South Korea, Friday, February 9, 2018 to Sunday, February 25, 2018 on NBC.

NBC is embracing the future and won't be tape-delaying the 2018 Winter Olympic Games. NBC Sports announced that the network will broadcast its Winter Olympic TV programming live across all time zones for the first time ever. Pyeongchang, South Korea, is 13 hours ahead of the East Coast and 16 hours ahead of the West Coast.

NBC stated: "That means social media won't be ahead of the action in any time zone, and as a result, none of our viewers will have to wait for anything."

The opening ceremony is on Feb. 9, 2018 with the games officially starting on Feb. 8.

On most nights, coverage will begin at 8 p.m. ET and air live in each time zone. Primetime coverage of the games in all areas will be followed by the local news and then a "Primetime Plus" segment. The primetime coverage will re-air after the "Primetime Plus" footage airs. In previous years, viewers would have to wait for the primetime footage to air at 8 p.m. in their respective time zones, which put the later time zones in danger of being spoiled by social media before they could watch their favorite events.

REMINDER TO KEEP YOUR PETS WARM AND SAFE THIS WINTER -

Use "PET SAFE" products when salting your walkways and driveways.

The cold can reek havoc on your pets paws! When walking, the snow and ice can actually burn them. If it's below 10 degrees above zero, please make sure they aren't out too long or have boots on. You can get boots at local pet supply stores, Vet supply stores or pet pharmacies. (Foster & Smith, Pet's Mart, Pet Depot)

Also, do NOT leave your pets tied up outside in the cold.

KEEP ALL YOUR PET'S SHOTS UP TO DATE.

Have your vet's number handy at all times.

GOD BLESS THE PUPPIES FOR HELPING TO KEEP THEM SAFE YOU TRULY ARE HEROS TOO!!!

Shhhhh...IT'S A MYSTERY!!

Rumor has it that a "special guest" will arrive in Barnes sometime in the spring or summer of 2018, at which time a grand "Homecoming Party" will be held in his honor.

CAN YOU "GUESS WHO'S COMING TO BARNES" ?

Clue #3: He has always been known for having rather amazing headwear.

Clue # 2: He still has a number of relatives in the area.

Clue # 1: He last visited our area back in 2005.

UFO CRAFTERS

The first December gathering of UFO was held on Monday, December 11. It was a quiet day with many of the 'regulars' either off to warmer climates or busy with holiday activities. Those of us present enjoyed a pleasant afternoon anyway. Crafts represented were knitting on a shawl, some improvisational beading to experiment with some new beads and check how the different shapes would work together, embroidering a piece of fabric to turn into a barrette, and knitting on the sweater that was started several weeks ago. The beadwork was fun to watch and the embroidery motif was small enough that it was finished the same day. We're looking forward to seeing the finished project next time we meet.

We didn't meet a second time in December as our next date fell on Christmas Day and everyone present when we met in November decided to skip that day rather than try to schedule during the holidays. So our next gatherings in January are on the 2nd and 4th Mondays, January 8th and 22nd. We'll meet at the Barnes Town Hall at 1:30 P.M. As always, all crafts are welcome. It's a delightful way to work on a craft and spend a pleasant afternoon of visiting or just come to visit and see what everyone else is doing. There is no structure so it's a very relaxing afternoon. Maybe we'll see you there. You're always welcome.

GORDON MacQUARRIE

Submitted by: Larry Bergman - BAHA (Barnes Area Historical Association)

The Barnes Area Historical Association Museum opened in the early summer, 2016. One of the larger sections on display is an exhibit of the life and times of Gordon MacQuarrie. For those who are unfamiliar with him, MacQuarrie was a newspaperman who started started at the Superior Telegram back in the 1920s— mainly writing about outdoor topics. He and his father built a vertical log cabin on the Middle Eau Claire that still remains today, and from where much of his legend grew. His father-in-law was Al Peck, a car dealer up in Superior, who was an avid hunter and fisherman, and taught his skills to Gordon.

From the many hunting and fishing outings that he and Al experienced, came the stories and tales that shaped hundreds of newspaper columns and several books. He wrote true stories salted with a bit of humor, embellishment and self deprecation. Duck hunting was a particular favorite sport that he and Al enjoyed, and his description of their secret hunting spots were described in a kind of code and passed on only to some of their cronies. A lot of those spots like "The Cathedral", "The Hole in The Wall", and the "Thoroughfare" were right here in Barnes. MacQuarrie created a secret club called "The Old Duck Hunters Association, Inc." (ODHA), with "Inc." meaning "Incorrigible". Al Peck was the President and was humorously referred to as "Hizzoner" (his Only Gordon and his father-in-law were members. MacQuarries's books were filled with stories of their escapades. Gordon went on to the Milwaukee Journal where he became the first nationally known outdoor writer in the country, although his heart was still in Barnes and he spent as much time as possible here.

The Museum display consists of much of his memorabilia and equipment, such as his duck boat and decoys, his typewriter with an actual unfinished manuscript, and many other items and pictures that portray his life. The display items were donated by Keith Crowley, who wrote Gordon's Biography and has gathered quite a lot of memorabilia, and by Fred Barnes, who came by some items after Gordon's death in 1956, when his widow asked Fred's father to sell the cabin for her. She asked young Fred if he would like some of the hunting items because she had no use for them and that he could help himself. The duck boat, decoys and a shotgun were among those items.

Some of the events and projects that we are working on at the Museum included an annual "Gordon MacQuarrie Pilgrimage & Tour", which is a two day event that we are holding on August 24th and 25th in 2018. This event was started in September 2016 by Dave Thorson, and was well-attended by guests from near and far. Dan Small, from Outdoor Wisconsin on PBS, filmed interviews and made them part of two episodes. Unfortunately, Dave passed away last December, so we are continuing what he started and dedicating this event to him. The Museum also plans to host an annual Lecture by Keith Crowley.

There was standing room only at the Museum at Crowley's appearance last summer, and guests came from as far away as Missouri, Indiana, and Illinois. We also recently received permission from the Milwaukee Journal to access all the archived articles that MacQuarrie wrote for them which we intend to compile into one or two books for publication. Another MacQuarrie scholar, Dave Evenson, is the impetus behind that project.

The MacQuarrie Legend has spread throughout the country, particularly among duck hunters, and we have had visitors from as far away as Texas and even from Canada. Because of this high interest, the Museum is working to bring our efforts to the attention of Ducks Unlimited, and Trout Unlimited, two large national Sportsman's organizations. Also, in an effort to unite these followers together, this past summer we created an adjunct membership called "The Old Duck Hunters Association Circle". This is intended to help support our efforts and communicate our activities to those members deeply interested in Gordon MacQuarrie. As of this writing, we already have 31 who have joined, two of which are Lifetime Members. We are also offering a line of apparel that has well -received: check out our website, bahamuseum.org, for more information on that. We would welcome your enrollment.

The Gordon MacQuarrie display is a worthwhile part of the Museum to see we encourage everyone to attend upcoming events. "Barnes Notes and News" will have specific information about events as details are finalized. Also, if you are interested, read Gordon's "Trilogy". His three-book series is an interesting writing of the many tales of the Old Duck Hunters Association. His unique humor makes for a colorful narrative of his adventures.

We are quite sure that reading some of MacQuarrie's writings will whet your appetite for more. We look forward to these activities and much more at the Museum in 2018. We hope to see you there!

Medicare 101

Beginning in January 2018, the Bayfield County Elder Benefits Specialist, Sheila Mack, will be providing "Medicare 101" presentations once per month, January through September, throughout Bayfield County. These presentations will introduce you to the basics of Medicare and give you the information you need to know before making any decisions about whether you want to enroll in all parts of Medicare at age 65, some parts of Medicare, or none of them; and the possible consequences of not enrolling when you are first eligible to enroll. You will also learn about the three types of insurance that supplement Medicare because Medicare only pays 80% of hospital and medical costs, and the need for creditable prescription drug coverage either through Medicare Part D or Wisconsin SeniorCare.

If you will be turning 65 this year, attending one of these trainings is strongly encouraged. The time available for the Elder Benefit Specialist to work with you in the office is becoming more and more limited due to the increase in assistance being requested. To provide prompt and efficient service to as many clients as possible, this presentation will provide basic information on Medicare in a group setting rather than one on one in the Elder Benefit Specialist office. This training will give you enough information to understand your options and be ready to make decisions when it is time to do so.

Below is a list of the dates and towns/cities that Medicare 101 presentations will be offered. All presentations will start at 6:00 pm and last up to 2 hours, depending upon the information reviewed and questions asked by those attending the presentation. If you plan to attend, please register by the day before the presentation is held, by calling Karen Bodin at 715-373-6144, ext.115. Registration is necessary to prepare enough materials for everyone who attends.

JANUARY REMINISCING: "NEW YEARS"

The celebration of the new year is the oldest of all holidays. It was first observed in ancient Babylon about 4000 years ago. In the years around 2000 BC, the Babylonian New Year began with the first New Moon (actually the first visible cresent) after the Vernal Equinox (the day in late March with an equal amount of sunlight and darkness).

They marked the occasion with a massive religious festival called Akitu (derived from the Sumerian word for barley, which was cut in the spring) that involved a different ritual on each of its 11 days. In addition to the new year, Atiku celebrated the mythical victory of the Babylonian sky god Marduk over the evil sea goddess Tiamat and served an important political purpose: It was during this time that a new king was crowned or that the current ruler's divine mandate was symbolically renewed.

Throughout antiquity, civilizations around the world developed increasingly sophisticated calendars, typically pinning the first day of the year to an agricultural or astronomical event. In Egypt, for instance, the year began with the annual flooding of the Nile, which coincided with the rising of the star Sirius. The first day of the Chinese new year, meanwhile, occurred with the second new moon after the winter solstice.

January 1 Becomes New Year's Day

The early Roman calendar consisted of 10 months and 304 days, with each new year beginning at the vernal equinox; according to tradition, it was created by Romulus, the founder of Rome, in the eighth century B.C. A later king, Numa Pompilius, is credited with adding the months of Januarius and Februarius. Over the centuries, the calendar fell out of sync with the sun, and in 46 B.C. the emperor Julius Caesar decided to solve the problem by consulting with the most prominent astronomers and mathematicians of his time. He introduced the Julian calendar, which closely resembles the more modern Gregorian calendar that most countries around the world use today. (Depending on the article you review, the Roman Senate declared January 1st as the new year in 153 BC)

In order to realign the Roman calendar with the sun, Julius Caesar had to add 90 extra days to the year 46 B.C. when he introduced his new Julian calendar (allowing the previous year to drag for 445 days)

As part of his reform, Caesar instituted January 1 as the first day of the year, partly to honor the month's namesake: Janus, the Roman god of beginnings, whose two faces allowed him to look back into the past and forward into the future. Romans celebrated by offering sacrifices to Janus, exchanging gifts with one another, decorating their homes with laurel branches and attending raucous parties. In medieval Europe, Christian leaders temporarily replaced January 1 as the first of the year with days carrying more religious significance, such as December 25 (the anniversary of Jesus' birth) and March 25 (the Feast of the Annunciation); Pope Gregory XIII reestablished January 1 as New Year's Day in 1582.

Although in the first centuries AD the Romans continued celebrating the new year, the early Catholic Church condemned the festivities as paganism. But as Christianity became more widespread, the early church began having its own religious observances concurrently with many of the pagan celebrations, and New Year's day was no different. New Years is still observed as the Feast of the Christ's Circumcision by some denominations. During the middle ages, the Church remained opposed to celebrating New Years. January 1 has been celebrated as a holiday by Western nations for only about the past 400 years.

New Year's Traditions

In many countries, New Year's celebrations begin on the evening of December 31—New Year's Eve (the last day of the Gregorian calendar) —and continue into the early hours of January 1. Revelers often enjoy meals and snacks thought to bestow good luck for the coming year. In Spain and several other Spanish-speaking countries, people bolt down a dozen grapes-symbolizing their hopes for the months ahead-right before midnight. In many parts of the world, traditional New Year's dishes feature legumes, which are thought to resemble coins and herald future financial success; examples include lentils in Italy and black-eyed peas in the southern United States. Because pigs represent progress and prosperity in some cultures, pork appears on the New Year's Eve table in Cuba, Austria, Hungary, Portugal and other countries. Ring-shaped cakes and pastries, a sign that the year has come full circle, round out the feast in the Netherlands, Mexico, Greece and elsewhere. In Sweden and Norway, meanwhile, rice pudding with an almond hidden inside is served on New Year's Eve; it is said that whoever finds the nut can expect 12 months of good fortune.

Other customs that are common worldwide include watching fireworks and singing songs to welcome the new year, including the ever-popular "Auld Lang Syne" in many English-speaking countries. The practice of making resolutions for the new year is thought to have first caught on among the ancient Babylonians, who made promises in order to earn the favor of the gods and start the year off on the right foot. (They would reportedly vow to pay off debts and return borrowed farm equipment.)

In the United States, the most iconic New Year's tradition is the dropping of a giant ball in New York City's Times Square at the stroke of midnight. Millions of people around the world watch the event, which has taken place almost every year since 1907. Over time, the ball itself has ballooned from a 700-pound iron-and-wood orb to a brightly patterned sphere 12 feet in diameter and weighing in at nearly 12,000 pounds. Various towns and cities across America have developed their own versions of the Times Square ritual, organizing public drops of items ranging from pickles (Dillsburg, Pennsylvania) to possums (Tallapoosa, Georgia) [REALLY?] at midnight on New Year's Eve

MAY YOU ALL BE SAFE, HAPPY AND LOVED IN THE COMING YEAR!

Should old acquaintance be forgot, and never brought to mind
Should old acquaintance be forgot, in days of Auld Lang Syne.
For Auld Lang Syne my dear, for Auld Lang Syne,
We'll drink a cup of kindness yet, for Auld Lang Syne

ENGINE AIR FILTER....DIRTY AND CONTAMINATED AIR FILTERS CAN RESTRICT PROPER AIR FLOW RESULTING IN REDUCED ENGINE PERFORMANCE AND POOR FUEL ECONOMY.

CABIN AIR FILTER....A DIRTY OR CONTAMINATED FILTER CAN RESTRICT THE AMOUNT OF AIR FLOWING THROUGH THE VENTILATION SYSTEM, RESULTING IN POOR HEATING AND COOLING. IN SOME CASES THE FILTER CAN START TO GET MOLDY CAUSING ODORS IN THE PASSENGER COMPARTMENT.

BRAKE FLUID FLUSH....BRAKE FLUID ABSORBS MOISTURE FROM THE ATMOSPHERE WHICH WILL LOWER THE BOILING POINT OF THE FLUID. THIS WILL RESULT IN A SOFT BRAKE PEDAL AND LONGER STOPPING DISTANCES. OLD BRAKE FLUID CAN ALSO CAUSE INTERNAL CORROSION ON THE MASTER CYLINDER AND ANTI-LOCK BRAKE PARTS.

FUEL INJECTION / INDUCTION CLEANING....REGULAR CLEANING AND REMOVAL OF CARBON BUILDUP IN THE MANIFOLD AND INJECTORS WILL ENSURE THE ENGINE PERFORMS AND RUNS AS EFFICIENT AS THE DAY IT WAS BUILT.

TIMING BELTS.... TIMING BELTS ARE MADE OF RUBBER AND CAN DEGRADE OVER TIME, RECOMMEND REPLACEMENT IS USUALLY 100.000 MILES OR EVERY 6 YEARS.

"PRAYER FOR THE NEW YEAR"

Lord, as the New Year dawns today, Help me to put my faults away. Let me be big in little things; Grant me the joy which friendship brings; Keep me from selfishness and spite, Let me be wise to what is right.

A Happy New Year! grant that I May cause no tear to any eye. When this new year in time shall end, Let it be said: "I've played the friend, Have lived and loved and labored here And made of it a happy year."

~ Edgar Guest (1881-1959)

January 1, 1776 - During the American Revolution, George Washington unveiled the Grand Union Flag, the first national flag in America.

January 1, 1863 - The Emancipation Proclamation by President Abraham Lincoln freed the slaves in the states rebelling against the Union.

January 1, 1892 - Ellis Island in New York Harbor opened. Over 20 million new arrivals to America were processed until its closing in 1954.

Birthday - American Patriot Paul Revere (1735-1818) was born in Boston, Massachusetts. Best known for his ride on the night of April 18, 1775, warning Americans of British plans to raid Lexington and Concord.

Birthday - Betsy Ross (1752-1836) was born in Philadelphia, Pennsylvania. She was a seamstress credited with helping to originate and sew the Stars and Stripes flag of America in 1776.

January 3, 1959 - Alaska was admitted as the 49th U.S. state with a land mass almost one-fifth the size of the lower 48 states together.

Birthday - Louis Braille (1809-1852) was born in France. Blinded as a boy, he later invented a reading system for the blind using punch marks in paper.

January 10, 1863 - The world's first underground railway service opened in London, the Metropolitan line between Paddington and Farringdon.

January 10, 1878 - An Amendment granting women the right to vote was introduced in Congress by Senator A.A. Sargent of California. The amendment didn't pass until 1920, forty-two years later.

Birthday - American statesman and patriot John Hancock (1737-1793) was born in Braintree, Massachusetts. He was elected president of the Second Continental Congress in 1775, was the first signer of the Declaration of Independence, and went on to become the first elected governor of Massachusetts.

Birthday - Martin Luther King (1929-1968) was born in Atlanta, Georgia. As an African American civil rights leader he spoke eloquently and stressed nonviolent methods to achieve equality. He received the Nobel Peace Prize in 1964. He was assassinated in Memphis, Tennessee, on April 4, 1968. In 1983, the third Monday in January was designated a legal holiday in the U.S. to celebrate his birthday.

January 17, 1773 - The ship Resolution, sailing under Captain James Cook, became the first vessel to cross the Antarctic Circle.

Birthday - Benjamin Franklin (1706-1790) was born in Boston, Massachusetts. Considered the Elder Statesman of the American Revolution, he displayed multiple talents as a printer, author, publisher, philosopher, scientist, diplomat and philanthropist. He signed both the Declaration of Independence and the new U.S. Constitution.

Birthday - Edgar Allen Poe (1809-1849) poet and writer of mystery and suspense tales, was born in Boston, Massachusetts. His works include; *The Fall of the House of Usher, Tales of the Grotesque and Arabesque, The Murders in the Rue Morgue* and his famous poem *The Raven*.

January 20, 1945 - Franklin Delano Roosevelt was inaugurated to an unprecedented fourth term as president of the United States. He had served since 1933.

January 20, 1981 - Ronald Reagan became president of the United States at the age of 69, the oldest president to take office. During his inauguration celebrations, he announced that 52 American hostages that had been seized in the U.S. embassy in Tehran, Iran, were being released after 444 days in captivity.

January 21, 1976 - The Concorde supersonic jet began passenger service with flights from London to Bahrain and Paris to Rio de Janeiro, cruising at twice the speed of sound (Mach 2) at an altitude up to 60,000 feet.

January 24, 1848 - The California gold rush began with the accidental discovery of the precious metal near Coloma during construction of a Sutter's sawmill. An announcement by President Polk later in the year caused a national sensation and resulted in a flood of "Forty-niners" seeking wealth. **January 25, 1947** - Gangster Al Capone, who once controlled organized crime in Chicago, died in Miami at age 48 from syphilis.

January 25, 1961 - President John F. Kennedy conducted the first live televised presidential news conference, five days after taking office.

January 27, 1945 - The Russian Army liberated Auschwitz death camp near Krakow in Poland, where the Nazis had systematically murdered an estimated 2,000,000 persons, including 1,500,000 Jews.

January 27, 1967 - Three American astronauts were killed as a fire erupted inside Apollo 1 during a launch simulation test at Cape Kennedy, Florida.

Birthday - Wolfgang Amadeus Mozart (1756-1791) was born in Salzburg, Austria. From the age of five, through his untimely death at age 35, this musical genius created over 600 compositions including 16 operas, 41 symphonies, 27 piano and five violin concerti, 25 string quartets, 19 masses, and many other works.

January 28, 1915 - The U.S. Coast Guard was created by an Act of Congress, combining the Life Saving Service and the Revenue Cutter Service.

January 28, 1986 - The U.S. Space Shuttle Challenger exploded 74 seconds into its flight, killing seven persons, including Christa McAuliffe, a teacher who was to be the first ordinary citizen in space.

January 29, 1919 - The 18th Amendment to the U.S. Constitution (Prohibition Amendment) was ratified. For nearly 14 years, until December 5, 1933, the manufacture, transportation, and sale of alcoholic beverages were illegal in the United States. The Amendment had the unexpected result of causing enormous growth of organized crime which provided bootleg liquor to thirsty Americans.

November 1, 2017

Everyone is welcome and encouraged to join BAHA. People do not need to be a current or former resident of Barnes to belong. We have come a long way in our efforts to make the historical center a reality. 2016, of course, was a landmark year for us with the opening of our museum. 2017 continued to be an exciting year as well, with many new displays and events. We have also established a new group within BAHA called the Old Duck Hunters Association Circle (ODHA Circle). This group, with a separate membership. was established to honor and explore Gordon MacQuarrie's life and times. MacQuarrie was a famous writer and personality with many ties to the Barnes area. In 2018, our plans include moving the Pease School and the Kaufman log cabin to our museum site.

All of this growth was possible only with the help and support of our members and community. We welcome and appreciate your continued help, both financially and with volunteer efforts. We have a wide variety of needs and ways to be involved, including helping maintain our physical facilities, greeting visitors at the museum, maintaining our records and exhibits, writing grant proposals, organizing and working at fundraising events, and much more. Please contact an officer or board member if you can help in any way. Without all of you, we could not have accomplished all that we have in just these few years.

The monthly BAHA board meetings are usually held on the third Thursday of the month at 9:00 am at the BAHA Museum on the corner of County N and Lake Road in Barnes. All members are encouraged to attend and participate in the discussions. The Annual Meeting is held on the third Thursday in October of each year. We send emails with meeting minutes and updates on events, so please include your email address if you have one.

Current BAHA memberships expire on the 31st of December, 2017. For those who joined after July 1, 2017, your membership expires on the 31st of December 2018.

We have our 501(c) (3) number and are a valid non-profit organization. Any donations made to BAHA are tax deductible. If you would like to join BAHA or are renewing your membership, we have provided a membership form below. Please fill out the form completely and return to the address indicated on the form. For more forms contact Lu Peet-Membership Coordinator.

Monetary contributions to our Capital Campaign Fund, Building and Preservation Fund and Museum Fund are always welcome.

Please make all checks payable to: Barnes Area Historical Association, Inc. (or) BAHA

WINTER SQUASH SOUP

From: The Food Network

Ingredients:

- 2 Tbsp unsalted butter
- 1 Tbls good olive oil
- 2 cups chopped yellow onions (2 onions)
- 1 (15 ounce) can pumpkin puree (not pumpkin pie filling)
- 1 1/2 lbs butternut squash, peeled and cut into chunks
- 3 cups homemade chicken stock or canned broth
- 2 tsp Kosher salt
- 1 cup half and half

Crème fraiche, grated Gruyere or croutons for serving (optional)

Directions:

Heat the butter and oil in a heavy - bottomed stockpot, add the onions, and cook over medium - low heat for 10 minutes, or until translucent. Add the pumpkin puree, butternut squash, chicken stock, salt, and pepper. Cover and simmer over medium - low heat for about 20 minutes, until the butternut squash is very tender. Process the mixture through the medium blade of a food mill. Return to the pot, add the half and - half, and heat slowly. If the soup needs more flavor, add another teaspoon of salt. Serve hot with garnishes, if desired.

Cook's Note: To serve with croutons, remove the crusts from 2 slices of white bread, cut them in 1/2-inch cubes, and saute them in 1 tablespoon of butter until browned. Season with salt and pepper.

A TOUCH ON ICE FISHING

It is noted that ice fishing started about 10,000 years ago near the time when farming and domestication started. Fishing is an ancient practice that has been used for centuries as a means of providing food. The first hooks were made of either bone or flint. The line was made of horse tail

With the coming of the use of metals, a hook was one of the first tools made. This was attached to a handline of animal or vegetable material, a method that is efficient only when used from a boat. The practice of attaching the line in turn to a rod, at first probably a stick or tree branch, made it possible to fish from the bank or shore and even to reach over vegetation bordering the water.

PLEASE BE CAUTIOUS AND SAFE ON THE ICE THIS WINTER!!
