

MINUTES OF THE TOWN OF BARNES ROADS AND RIGHT OF WAY COMMITTEE

November 2, 2021

Members present were Greg Martin, Chris Lane, Jeff Jordheim, Jim Frint, Chauncey Bangs, Mark Holm

Jacob Friberg of Cooper Engineering was expected but did not attend

Meeting called to order at 6:39pm, quorum established

Motion to approve minutes of 9/20/2021 passed (Martin/Lane), no changes

Guard rails, Birch Lake Bridge

Pursuant to memorandum dated October 26, 2021, from Jacob Friberg of Cooper Engineering, the committee reviewed Wis DOT concerns regarding guardrail or fence on west roadway approach to proposed S. Shore Bridge. Discussion included costs, future liability to the township, and 80/20 cost sharing. According to Friberg memo, guardrail cost would be approximately \$13,000 and chain link fence would be about \$2,000. Between these two alternatives, the committee favors guardrail.

Motion by Lane, second by Martin:

RROW committee recommends to town board that guard rails be installed on the west roadway approach to S. Shore Bridge as a component of new bridge, subject to 80/20 split.

Motion passed unanimously.

5 year plan

Committee discussed and drafted a 5 year plan for roads maintenance, repair, and reconstruction. Document to be used by Jeff for LRIP application. Resulting plan is attached as addendum to these minutes.

Outlet Bay/Lake intersection

Brief discussion to clarify timing/deadline for preliminary survey, project monitoring, and wetlands delineation.

Adjourn

Motion to adjourn (Martin/Lane) passed unanimously. Meeting adjourned 7:35pm.

Respectfully submitted, Mark Holm, recorder
addendum

Next meeting February 1, 2021, 5:30pm at township garage
